# Thin is in

## Innovative Clip-On System from Kodak Lens

We've taken all of the weight out of clunky clip-on sunglasses and improved the design and function. Our new .7mm polarized lenses are HALF the thickness of traditional clip-on lenses. The proprietary hook system uses no fasteners and fits all frame styles.

- .7mm thin AR/Polarized lenses
- Unique hook system uses no screws or rivets
- Flexible nose bridge replaces unsightly brow bar

### Clip-On Sunglasses

# 5 Big Reasons

## To Sell Kodak Lens Folding Reading Glasses

1. **Brand:** Kodak is a brand that your patients trust
2. **Size:** Micro-size easily stashes in pockets, purses, glove boxes, and more
3. **Quality:** Spring hinges, permanent nose pads, and patented telescoping temples
4. **Stylish:** Patients love the look and feel
5. **New Add-On Sale:** Especially for newly diagnosed presbyopes

### Folding Reading Glasses

# CHEMISTRY

Creative Solutions

OptiSource was founded over 20 years ago as a leader in biodegradable lab chemicals. Our collection of tinting, cleaning, and lens-marking products continues to grow and evolve today. Although we are now a diverse supply company, one of our main areas of focus continues to be innovating Creative Solutions for use with today's changing lenses and coatings.

## Milky Way UV

Milky Way is the world's only white UV solution. This special white formula is clearer than any other UV. Guaranteed to be the clearest UV you've ever used or your money back.

- AR-compatible – will not yellow, even after lens is AR coated
- Unique white UV formula makes it impossible to yellow any lens
- Provides 100% protection at 380 nm
- 8 oz. concentrate (makes one quart)

99-MWUV \$69.99

## No Yellow Ultra Kote UV

Guaranteed to provide 100% UV protection up to 400 nm with virtually no yellowing.

- UV with scratch-coat combination
- Resists boiling; perfect for high altitudes
- 8 oz. concentrate (makes one quart)

99-UKUVNY \$79.99

## UV-AR

UV-AR is our newest solution to help with post-AR yellowing. Many UVs will appear clear on the lens, then turn yellow after AR treatment. Our UV-AR helps keep lenses from yellowing.

- Crystal-clear formula
- Goes on clear, stays clear after AR
- 8 oz. concentrate (makes one quart)

99-UVAR \$69.99

## No Yellow UV

Guaranteed to provide 100% UV protection up to 400 nm with virtually no yellowing.

- Resists boiling; perfect for high altitudes
- 8 oz. concentrate (makes one quart)

99-CEUVNY \$69.99

## Ultra Kote UV

Combines UV and scratch-coat protection into one simple process with no baking or curing required.

- Produces a clear, UV-protected lens with improved scratch resistance
- 8 oz. concentrate (makes one quart)

99-UKUV \$79.99

## Clear Eclipse UV

Clear Eclipse is powderless! The most advanced all-around UV formula available today... a non-clumping, fast-acting solution.

- Blocks 100% of UVA and UVB to 400 nm
- Our best-selling UV formula
- 8 oz. concentrate (makes one quart)

99-CEUV \$69.99

## Clean & Clear Ultra Kote UV

Totally crystal-free UV formula. This non-clumping UV solution stays cleaner in the pan and looks clearer on the lens.

- UV with scratch-coat combination
- Lasts longer and reduces crystals
- 8 oz. concentrate (makes one quart)

99-CCUKUV \$79.99

## Clean & Clear UV

This UV will not clump or crystallize in the pan. Eliminates popping and spattering for a safer work area. Rinses clean to produce incredibly clear lenses.

- Powderless in the bottle, powderless in the pan
- 8 oz. concentrate (makes one quart)

99-CCUV \$69.99

## AR Remover

Quickly remove unwanted or faulty Anti-Reflective coatings with our highly effective formula while patients wait! Save time and improve service.

In just 10 seconds, you can remove most AR coatings and have your patients on their way.

- The all-in-one AR Remover Kit includes an all-plastic lens holder built into the lid, chemical resistant gloves, and protective goggles (compatible with liquid or dry AR remover)
- Dry AR is our concentrated formula which provides the safest way to ship, store, and handle AR remover (mixes with water to make 1 pint)

### AR Remover Kit

Kit	99-ARKO	\$24.99
Kit w/Dry AR	99-ARK	\$74.99

### Liquid AR Remover

Each	99-ARC8	\$59.99
3-Pack	99-ARC8-3	\$129.99

### Nu-Kote Hot Dip Scratch Coat

This revolutionary hot-dip scratch coating is applied just like tint and bonds within the pores of the lens.

- Improve lens hardness in just seconds
- Easy to use; no special machinery necessary
- Simple dip-and-rinse process

Gallon	99-SK	\$59.99
Quart	99-SKQ	\$19.99

### Cold Dip Scratch Protectant

It's much harder to scratch lenses when dirt, dust, and debris won't stick! No heating or special machinery necessary.

- Simple dip-and-rinse process at room temperature
- Instantly applies a super-slick coating
- Quart

99-HDCDSK	\$59.99
-----------	---------

### Piña Colada Lab Fresh

Our scented solution will mask the worst chemical smells with fresh, light aromas.

- A few drops does it all
- No more chemical odors in your lab
- Use in tint units and recirculating systems
- 8 oz.

99-PCF	\$19.99
--------	---------

# The Original All Off Marking Ink Remover

Remove the Most Stubborn Progressive Ink Markings in Just 3 Seconds Flat!

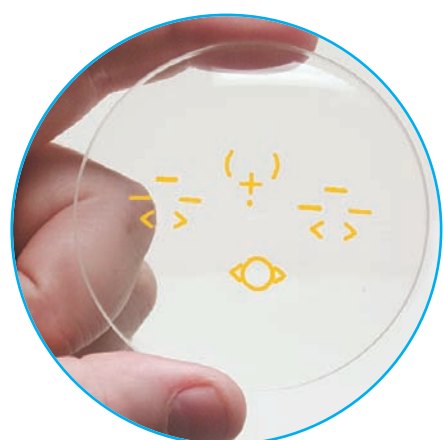

Instantly dissolve and remove any progressive ink marking with the industry's most widely used solution. It is safer than acetone and will never ruin polycarbonate lenses. Our award-winning product is used by more labs than any other marking ink remover in the world.

- The industry standard for ink removal
- Acetone-free and safe on polycarbonate lenses
- No scrubbing; eliminates unwanted micro scratches
- Dries instantly; no oily residue

## Easily Erase Progressive Ink Markings with Our Handy All Off Pen

The unique valve-action mechanism dispenses All Off to the ink-absorbing tip. Simply press down and rub away the most stubborn ink markings in just seconds.

16 oz.	99-AO	\$59.99
4 oz.	99-AO4	\$14.99
Pen	99-AOP	\$19.99

After

## Heat Transfer Fluid

With Built-in Corrosion Inhibitors

Our HTF is completely odorless and biodegradable, making it safe for the user and the environment. Plus, it prolongs the life of your tint machine with its corrosion inhibitor chemistry.

- Drain-safe biodegradable
- Self-cleans with special dye neutralizers – fluid stays clean longer
- Change HTF every six months for optimal performance

Gallon	99-HTF	\$69.99
Quart	99-HTFQ	\$24.99
Battery Operated Siphon Pump	99-SP	\$19.99

## Nu-Tralizer

Safely Remove Tint from All Lenses

An odorless neutralizing compound that reduces and removes tint from CR-39, high-index, polycarbonate, and Trivex® without compromising any hard coatings.

- Safe against streaking and crazing on all lens coatings
- Drain-safe biodegradable

Gallon	99-NUT	\$69.99
Quart	99-NQ	\$24.99

## CR-39 Nu-Tralizer

Fast-Acting Formula

Rapidly remove tint from CR-39 and high-index materials. Dark colors or old lenses are no problem.

- Unique self-cleaning formula
- Drain-safe biodegradable

Gallon	99-CR	\$69.99
Quart	99-CRQ	\$24.99

## Water-Based Nu-Tralizer

Water-Based Nu-Tralizer is our safest solution for tint removal. Feel confident using it on all lenses and coatings.

- Drain-safe biodegradable
- 8 oz. concentrate (makes one quart)

99-NUTH2O	\$11.99
-----------	---------

# Color-Stabilized Lens Dyes

\$9.99 each

Long-Lasting Dyes Provide Bright and Consistent Colors

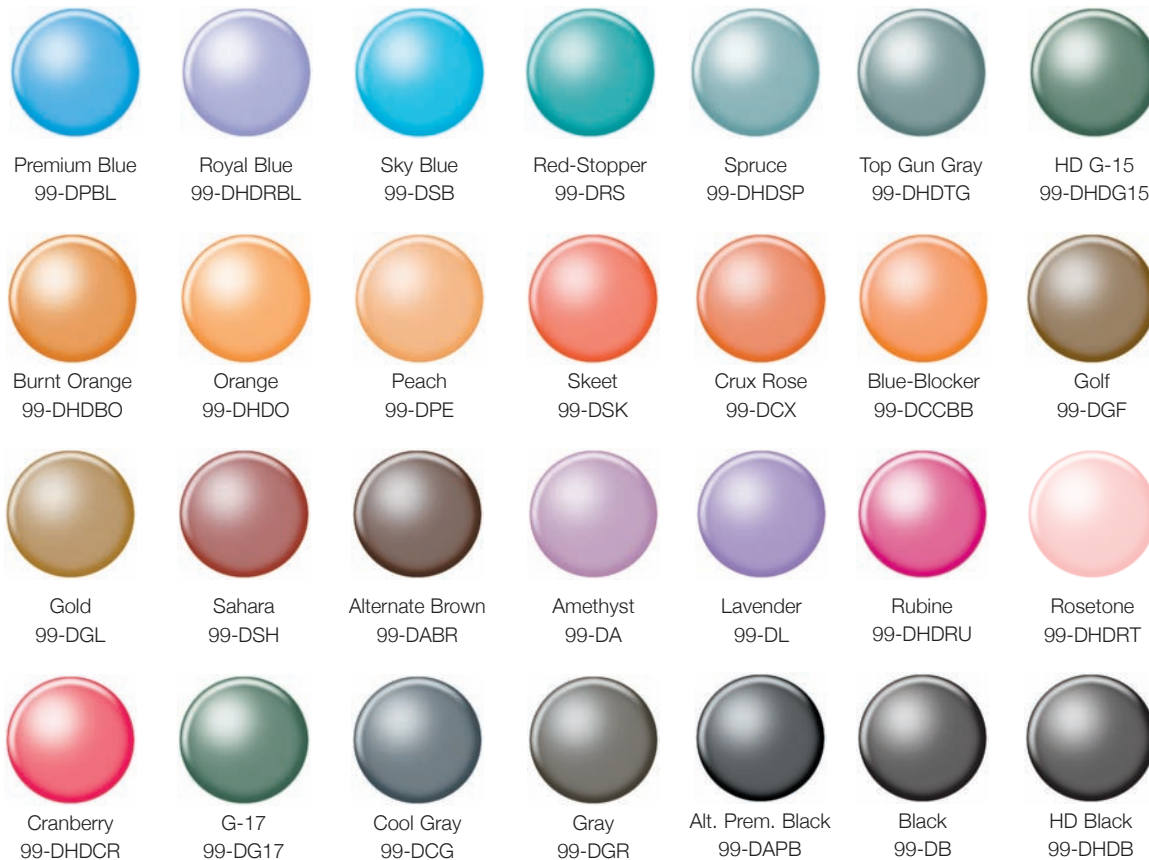

## Customer Favorite Colors

OptiSource is a leader in the optical tinting industry, using cutting-edge technology to produce chemically superior dyes. The use of dye-stabilizing chemistry produces fast-absorbing dyes that provide consistent colors from bottle to bottle and lens to lens.

- Consistent no-shift colors
- Non-toxic and biodegradable
- 4 oz. concentrate (makes one quart)

## Additional Colors

## Dry Dye Packet

\$8.99 each

Fast-dissolving dry packets replace messy bottles of dye. Simply drop a packet of dye into water and watch it dissolve into a concentrated dye bath.

- Stores easily
- No mess
- Each packet makes one quart

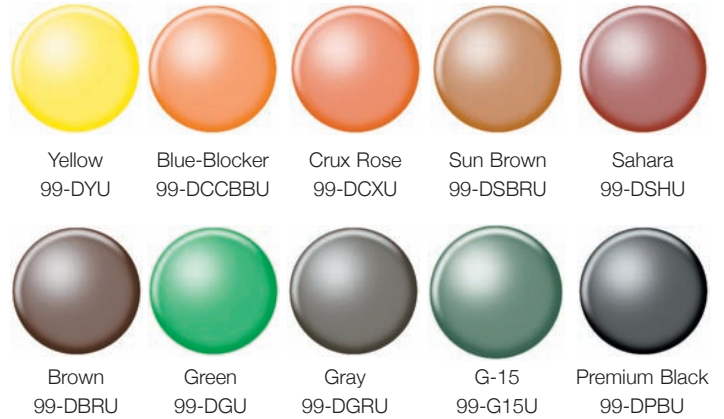

## UV Dyes

\$24.99 each

UV treat and tint in one simple process. The same great dye colors you have grown to love with UV protection built in. Available in select colors.

- Blocks up to 100% UV at 400 nm
- 4 oz. concentrate (makes one quart)

## Lens Display Book

Showcase Fashion Colors or Coatings

\*Lenses not included

- Display holds 18 lenses
- Stores easily
- Lenses are easy to remove and replace

99-OSLDB \$49.99

# PolyDye Plus

\$29.99  
each

## Finally, Tint Polycarbonate as Easily as CR-39

Our exclusive dye-stabilizing technology allows for consistent results on polycarbonate lenses. Special pH buffers allow for longer lasting, truer colors. PolyDye Plus will also work twice as fast on CR-39 and high-index materials. Available in a range of colors to satisfy all of your polycarbonate tinting needs.

- Achieve sunglass densities in just minutes on poly and seconds on plastic lenses
- Finally, true sunglass colors on polycarbonate lenses
- Safe to use on CR-39 and high-index
- Lasts longer than standard dyes
- 4 oz. concentrate (makes one quart)

## PolyDye Plus Colors

## Poly Edge Glaze

Instantly Provides Glass-Clear Edges on Polycarbonate Lenses

Poly edges are cloudy after edging, but not anymore with OptiSource Polycarbonate Edge Glaze. Instantly produces a clear, finished look on edged polycarbonate lenses. Just wipe on and let dry.

- No machinery or buffing required
- Works instantly

8 oz.	99-PEG	\$59.99
1 Pen	99-PEGP	\$29.99

## Lens Edge Pens

**\$34.99**  
each

Our Lens Edge Pens are the ideal product for finishing the edges of polarized lenses, especially on high minus work. They give a neat, finished look to the otherwise unsightly laminated edge. Our pens are also especially useful for adding a hint of color on rimless work, as well as minimizing edge thickness on lenses in full frames.

- The perfect solution to finish polarized lens edges
- Add a hint of color to rimless work
- Hides lens edge thickness in full frames

# MACHINERY

Commitment to Equipment

When it comes to the machinery necessary for finishing lenses, adjusting and cleaning eyewear, and getting diagnostic lens readings, OptiSource has a true **Commitment to Equipment**. Our machinery collection includes made-in-the-USA products, trusted European Conformity certification, and an overall focus on reliable, innovative, easy to use equipment. Look to OptiSource for the small differences that set our machinery apart from the rest.

## Digital Ultrasonic Cleaner 1,375 mL

This ultrasonic unit is a combination of the ideal size and power. This digital model includes a removable lid, bright digital display, and timer.

- Ultrasonic frequency: 42,000Hz
  - Tank material: Stainless steel SUS303
  - Tank capacity: 1,375 mL (1.45 quarts)
  - Quiet, solid state circuitry
- Power: 110V / 60W  
Weight: 4 pounds  
Dimensions (W x H x D): 7" x 6.25" x 9"

32-ULTRASNC1375 \$139.99

## Digital Ultrasonic Cleaner 600 mL

This compact unit is the right size for most frames, parts, and tools. The 600mL cleaner features digital controls and timer.

- Ultrasonic frequency: 42,000Hz
  - Tank material: Stainless steel SUS303
  - Tank capacity: 600mL (1 pint)
  - Timer: 5 cycles with digital time display
- Power: 110V / 35W  
Weight: 2.2 pounds  
Dimensions (W x H x D): 8.25" x 6" x 5.5"

32-ULTRASNCPINT \$69.99

## Stainless Steel Ultrasonic Cleaner 2,000 mL

This mini-lab sized ultrasonic cleaner is our largest and most powerful machine. The tank will fit any size eyewear. The stainless steel construction and industrial parts will provide years of quality service.

- Ultrasonic frequency: 45,000Hz
  - Tank material: Stainless steel SUS303
  - Tank capacity: 2,000 mL (2.11 quarts)
  - Quiet, solid state circuitry
- Power: 110V / 60W  
Weight: 4 pounds  
Dimensions (W x H x D): 6.25" x 7.75" x 7"

32-ULTRASNC2000 \$199.99

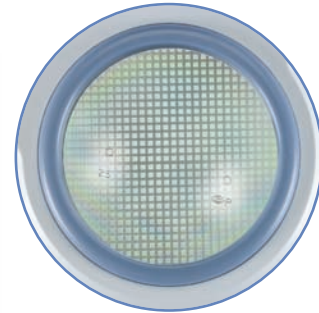

## 3-in-1 Lens Inspection Station

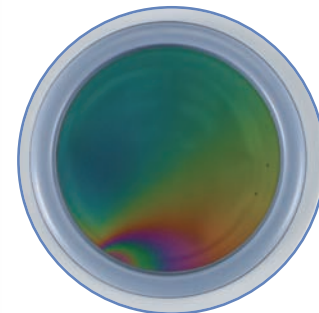

PAL Identifier, Polariscope, and Final Inspection Lamp

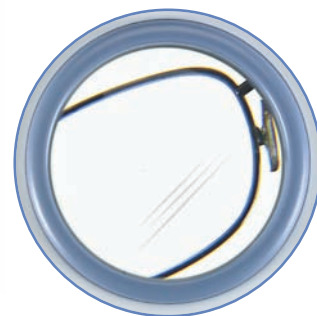

The Lens Inspection Station is a first-of-its-kind, three-in-one machine that includes a PAL Identifier, Final Inspection Lamp, and a Polariscope. It features an easy to use compact design and LED light sources that eliminate bulb replacement.

- PAL Identifier (black and white grid)
- Brings "invisible" PAL markings into focus

- Polariscope (gray tinted lens)
- Identifies "hidden" stress in mounted lenses and injection molded lens blanks
- Allows user to identify tempered glass lenses

- Final Inspection Lamp (clear lens)
- White light allows user to identify any abnormalities in the finished eyewear

32-LIS

\$299.99

# All-In-One MultiMeter

UV Meter, Photochromic Demonstrator, and Visible Light Meter

OptiSource International has developed a first-of-its-kind, multifunctional digital UV meter. The single unit works as a UV Spectrophotometer, Photochromic Lens demonstrator, and Visible Light Meter. In just seconds, it will activate Transitions® or any other brand photochromic lenses. It will also measure UV transmittance of any lens and visible light transmittance of colored lenses.

The MultiMeter gives any practice the ability to demonstrate how photochromic lenses will look when exposed to sunlight without having to walk outside. Then, practitioners can show patients a digital UV reading and explain the benefits of UV blocking properties. For hard-to-match tint jobs, the MultiMeter offers a precise visible light reading to easily duplicate tint densities.

The MultiMeter's versatility makes it a must-have selling tool for any eyecare professional.

- Digital UV readings
- Activate photochromic lenses in seconds
- Great for matching tint density

Dimensions (W x H x D):  
6.75" x 6.75" x 10"  
Power: 110 Volt

99-MULTIMETER \$499.99

## Tint Pans and Lids

Two pint-size pans fit into the space of one quart-size pan to double tint capacity. Lids come with a heat-resistant knob for your safety.

- Heavy-duty, stainless steel construction
- Non-corroding
- Quart or pint size

Quart Pan and Lid  
Fits 6 3/16" x 3 1/2" opening

Pint Pan and Lid  
Fits 3 1/2" x 3 1/2" opening

Quart		
Pan	99-HDTP	\$14.99
Lid	99-HDL	\$9.99

Pint		
Pan	99-HDTPM	\$19.99
Lid	99-HDLM	\$9.99

## Lens Holders

**\$19.99**  
each

End the confusion and frustration of cross-contaminating your dye colors. Use white lens holder for UV and neutralizer solutions, and black for all of your dye colors.

- Holds lenses with a tension grip
- Compatible with gradient systems

Black 99-LH2

White 99-LHW2

# Dye-Master 9-pan Tinting System

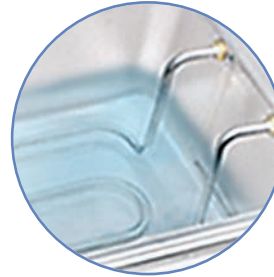

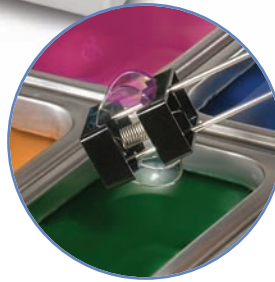

## High-Performance, High-Production Tinting

Our latest version of the 9-pan tinting system is our smartest ever. The proprietary heating element design means that no holes are drilled below the fluid line, eliminating the possibility of leaking.

- 100% made in the USA
- High quality stainless steel
- Solid state controls

Power: 120V / 1500W  
 Weight: 28 pounds  
 Dimensions (W x H x D):  
 23" x 14" x 15"

Tint unit with pans	99-TINTUNIT9	\$899.99
Base only (no pans)	99-TINTUNITB	\$799.99

## OptiSource Gradient System

Digitally controlled dipping mechanism allows for stable, non-repeating strokes that eliminates hard lines. Telescoping arm and optional weighted base allows the mechanical gradient to be used with any tint system.

- Provides smooth, no-line gradients
- Achieve soft gradients with the press of a button
- Easy-to-use dipping mechanism: set it and forget it

Power: 120V / 120W  
 Weight: 7 pounds  
 Dimensions (W x H x D):  
 6" x 18" x 7"

99-GRADIENT	\$419.99
99-GRADIENTBASE	\$49.99

\*Lens holder and weighted base not included

## Digital Hot Air Frame Warmer

We've taken our top-selling adjustable temperature frame warmer design and outfitted it with a digital controller and temperature monitor. The bright LED screen displays the actual temperature inside the housing and the latest working temperature upon restart.

Temperature range: 104°F – 302°F  
 Power: 110V / 800W  
 Weight: 3 pounds  
 Dimensions (W x H x D):  
 3.5" x 6" x 11.5"

32-WARMERDIGITL \$229.99

## Salt Pan Frame Warmer

Quickly achieves optimal temperature, yet stays cool to the touch.

- Quick heating
- Compact size
- Safe and reliable

Temperature range: Up to 400°F  
 Power: 110V / 300 Watts  
 Weight: 4 pounds  
 Dimensions (W x H x D):  
 10.5" x 4.5" x 5"

99-W2500 \$209.99

## Hot Air Frame Warmer

This warmer has a temperature knob that allows for adjustment from 130° to 230° F. Place the frame in the cup and direct heat where you need it.

Temperature range: 130°F – 230°F  
 Power: 110V / 600W  
 Weight: 3 pounds  
 Dimensions (W x H x D):  
 3.5" x 6" x 11.5"

32-WARMERSTNDRD \$199.99

## Glass Beads

These beads transmit heat evenly to the frame. Unlike salt, our glass beads will not lodge in lens grooves or frame parts.

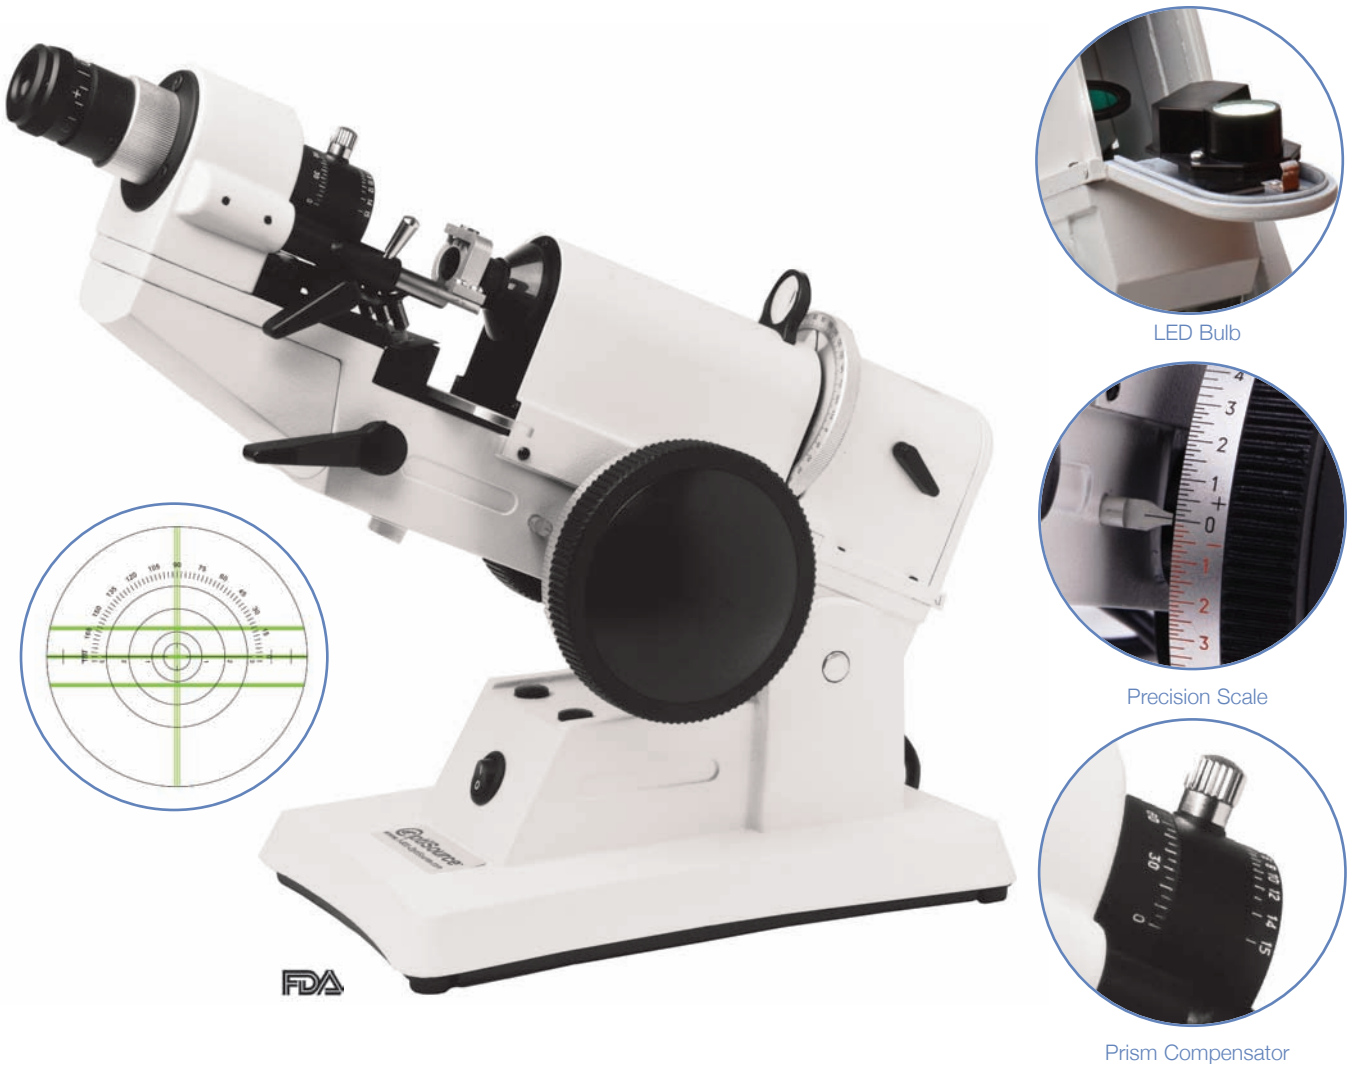

- Useable with any Salt Pan Frame Warmer
- 5 lb containers
- Replace beads every six months for optimal performance

Small (725 micron)	99-OSSGB	\$24.99
Large (2.5mm)	99-OSLGB	\$49.99

# Automatic Lens Groover

CE

This fully automated lens groover creates precision grooves. The grooving blade is safe for use on plastic, glass, and polycarbonate lenses. The depth of the groove is easily adjustable from 0 to 0.7mm.

- Ideal for grooving semi-rimless lenses
- Accurate, adjustable groove depth
- Adjustable groove position
- High speed 5,000 rpm motor ensures clean cutting on all materials with minimal sound
- Spare parts available: belt, blades, chucks, blocks, springs, pins, and sponges

# EDGING

Bright Ideas

Today's high-tech coatings, equipment, block materials, and shapes have changed the landscape of edging. OptiSource offers the most complete solution for edging lenses, especially those with premium hydrophobic anti-reflective coatings. Our selection of edge blocking pads, anti-slip discs, edger wheels, blocks, chucks, and supplies is unparalleled. As materials, coatings, and edging equipment continue to change, our **Bright Ideas** will yield products to work with them.

## 3M Leap Pads

3M Leap Pads are specially designed to meet all your edging needs. They offer superior adhesion, and they have two to three times the torque resistance of most blocking pads.

# Blocking Pads

See pages 28-29 for ordering instructions

## Crimson King

The Crimson King pad material is constructed with a reinforced technology that resists high rotational forces and defies tearing. The modified acrylic adhesive bonds securely to all hard coated, standard AR coated and many hydrophobic AR coated lenses, then removes easily and cleanly.

## Cobalt King

The Cobalt King material is made from a unique high-density foam that has been used in aerospace and precision-industrial applications. The natural, rubber-based adhesive provides outstanding performance that has proven to be successful on lenses that are: hard coated, standard AR coated and (many) hydrophobic AR coated.

## Economy Blue

Economy blocking pads combine a thicker foam pad material with a basic adhesive.

## SecurEdge

SecurEdge blocking pads have a unique foam substrate and proprietary adhesive. They provide dependable torque resistance on all hard-coated and standard AR coated lenses.

# Hydrophobic Blocking Pads

## SecurEdge Plus LSE

SecurEdge Plus LSE (Low Surface Energy) pads use a "dual-adhesive" system: One side of the pad has a high-tech LSE adhesive that bonds to the Hydrophobic AR coating, while the other side of the pad firmly grips the block.

## HydroKing

Our latest innovation offers our best solution for edging hydrophobic AR coated lenses.

# Selecting and Ordering Blocking Pads

1. Select Pad Shape from Opposite Page

2. Select Material

3. Select Quantity

	Crimson King	Cobalt King	Economy Blue	SecurEdge	SecurEdge Plus	Hydro King
Roll of 1,000:	\$69.99	\$54.99	\$49.99	\$59.99	\$149.99	\$139.99
Roll of 2,000:	\$134.99	\$104.99	\$99.99	\$114.99	\$294.99	\$274.99

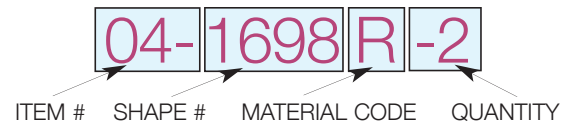

## How to Order

Compose the product code:

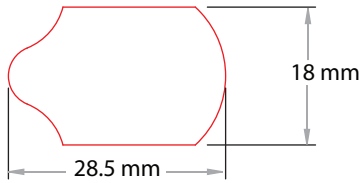

1. Use the shape number found on page 29
2. Add the material code from above
3. Add a -2 for rolls of 2,000  
(Rolls of 1,000 do not require a quantity indicator)

## Sample Product Code

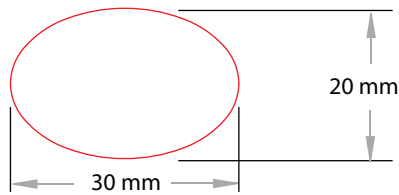

Note: All product codes start with **04-**

# Edging Wheels

Our wheels perform well in every brand and style of edger, with any lens material, and for every purpose. We carry hundreds of roughing, finishing, beveling and hand-edging wheels.

## Roughing Wheels

All of our roughing wheels for polycarbonate, plastic, and high-index are made using our proprietary brazing technology, and provide a fast and aggressive cutting action and longer life than the OEM.

## Finishing Wheels

All of our finishing wheels are made to exact OEM specifications. Special orders or special profiles can also be custom-manufactured.

## Polishing Wheels

The high luster seen after using our polishing wheels cannot be beat.

## Hand Edger Wheels

OptiSource hand edger wheels are constructed to provide accurate beveling and easy touch-up work.

## Matched Wheel Sets

Two-wheel sets include a finishing wheel and a polishing wheel with the same profile/V-Bevel. Purchasing a set will reduce downtime by requiring less calibration.

Set Consists of One Finishing Wheel and One Polishing Wheel

For a complete product listing visit [1-800-OptiSource.com](http://1-800-OptiSource.com)

## PCD Cutter Blades

Our PCD blades are made in the USA and will outlast lesser quality imported cutter blades. They are precision designed to fit your OEM equipment to provide a long cutting life.

Still using carbide cutter blades in your edger? Carbide blades will last for approximately 275 cuts and cost \$15 each (\$.055 per cut). Our PCD cutter blades will last for over 12,000 cuts and cost \$400 (\$.033 per cut), a 40% savings.

\*We also re-tip SatisLoh ES3 blades back to OEM specs. May be done up to 4 times before total replacement is necessary.

PCD Cutter Blade for Horizon	99-PCDCUTTERBLD	\$399.99
ES3/4 PCD Cutter Wheel Re-Tip	99-PCDRETIPES3	\$1,849.99

## Carbide Cutter Blades

Minimum order of 2 blades

**\$14.99**  
each

Horizon 3	99-HORIZON3
Horizon 6E	99-HORIZON6E
Horizon 7E	99-HORIZON7E

## Plastic Test Lenses

- For edger testing and calibration
- 50 lenses per box
- 70mm diameter
- 1.8mm thickness
- 6 base

99-CRTESTLENS	\$39.99
---------------	---------

## Truing Sticks

**\$4.99**  
each

Our dressing sticks bring new life to diamond wheels.

- Brown (coarse) stick quickly restores worn roughing wheels to like-new condition, reviving cutting action
- White (fine) stick dresses finishing wheels for like-new grinding

40-BTS

40-WTS

### Ask about Retruing and Sharpening Service

#### Wheels

We will bring your V-bevel back to the OEM precision standard.

#### Horizon Cutter Blades

Your carbide cutter blades can be re-sharpened 3 times! Don't discard slightly used blades. We'll make them new again. Minimum of 6 per order.

Call your customer representative today to arrange for sharpening service.

## Nu-Cool Coolant

Nu-Cool is environmentally friendly, chemically superior edger and generator coolant. Nu-Cool also eliminates foam-overs with its built-in defoamer!

- Performs well on plastic and glass
- Special detergent cleans out supply lines
- Prolongs the life of edger wheels
- Drain-safe and biodegradable
- Highly concentrated 80:1 ratio
- Performs when others fail

Gallon	99-COOL	\$69.99
Quart	99-COOLQ	\$24.99

## White Industrial Strength Defoamer

Are you having a persistent foaming problem? Our concentrated defoamer instantly knocks down any foam. Simply add to your edger or generator reservoir and watch your foam disappear.

- Stops foam in its tracks and prevents foam-overs
- Extremely concentrated: 1 capful defoams 5 gallons
- Water-soluble and biodegradable

Gallon	99-DFG	\$69.99
Quart	99-DFQ	\$29.99

## Little Giant Submersible Pumps

These Little Giant pumps may be used totally submersed or in-line (fed with pipe or hose). They are constructed of epoxy-coated die-cast aluminum, and the motors are oil-filled.

- Heavy duty pumps for water or coolant systems
- Epoxy-coated aluminum housing
- 6' cord
- Three models in stock and ready to ship
- Heavy-duty construction provides long life

# Buffing Pads

## Dixcel Flannel Buffs

### A Cotton Flannel

Soft cotton flannel produces a high polish when used with rouge. Well-stitched with shellac centers.

Dia.	Ply	Code	Price
3"	30	03-17.203	\$6.99
4"	30	03-17.205	\$7.99
5"	30	03-17.206	\$9.99
6"	30	03-17.207	\$10.99

## Felt Buff

### B Solid Felt

Highest quality wool felt, carefully compressed and formed for uniform texture, hardness and shape. Ideal for the first step of lens edge polishing.

Dia.	Ply	Code	Price
3"	1/2"	03-17.429	\$11.99
3"	Knife Edge	03-17.498	\$12.99
3"	1"	03-17.431	\$16.99
4"	3/4"	03-17.436	\$20.99
4"	1"	03-17.437	\$24.99
5"	2"	03-17.438	\$58.99
6"	1"	03-17.439	\$46.99
6"	1/4" Ctr hole 3/4"	03-17.440	\$14.99

### C Fine Soft Felt

6-ply with plastic center. A delicate touch and white rouge can remove hairline scratches from lenses before coating. High gloss final lens edge polishing with white rouge.

Dia.	Ply	Code	Price
3-1/2"	1/2"	03-17.130	\$14.99

## Yarn Buff

### D Woven Yarn

Light touch for final polish. Produces extra high gloss on lens edges, especially polycarbonate, high-index and CR-39. Strands of cotton yarn are woven into a solid plastic center. Will not fray or burn lens edges.

Dia.	Ply	Code	Price
3-1/2"	3/4"	03-17.213	\$14.99

## Berry Buff

### E Muslin

Stiff chemically treated fine-weave muslin. Good for polycarbonate and high-index edge polishing.

Dia.	Ply	Code	Price
4"	40	03-17.531	\$10.99

## Muslin Buffs

### F Dixcel Unbleached Muslin

Coarse, unbleached muslin. For cutting and preparing metals for fine finish. With three rows of stitching.

Dia.	Ply	Code	Price
3"	35	03-17.577	\$6.99
4"	42	03-17.581	\$5.99
6"	50	03-17.588	\$9.99

### G Super Buff

100% cotton, specially treated to make the cloth finer and virtually lint-free. Lasts up to 50% longer. With 4 rows and shellac centers.

Dia.	Ply	Code	Price
3"	50	03-17.704	\$9.99
4"	60	03-17.706	\$15.99

### H Dixcel Extra Fine

Fine, high-grade muslin with combed edges and hardened shellac centers.

Dia.	Ply	Code	Price
3"	35	03-17.622	\$6.99
4"	50	03-17.624	\$7.99
5"	55	03-17.625	\$10.99

### I Dixcel Yellow "Treated"

Chemically treated, coarse, unbleached high-grade muslin with combed edges to resist fuzzing. Shellac centers.

Dia.	Ply	Code	Price
4"	40	03-17.553	\$6.99
5"	45	03-17.554	\$6.99
6"	50	03-17.555	\$9.99

### J Dixcel Plastic Centers

Loose, unstitched, fine-grade muslin. Use with rouge for a high luster finish.

Dia.	Ply	Code	Price
4"	36	03-17.719	\$7.99
5"	54	03-17.721	\$9.99

### K Dixcel Leather Centers

Fine-grade muslin, loosely sewn, with leather centers to provide a firm grip on spindles.

Dia.	Ply	Code	Price
5"	45	03-17.755	\$8.99
5"	50	03-17.759	\$8.99
6"	50	03-17.756	\$10.99

## Pattern Blanks

\$29.99  
per bag

Our universal Pattern Blanks are the easiest patterns you'll ever work with. They incorporate raised grids on one side and engraved grids on the other. The semi-rigid material makes for efficient cutting on any brand of machinery, or by hand.

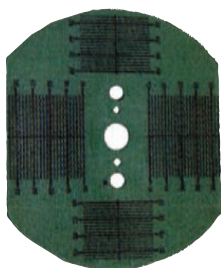

Beige  
99-PB

White  
99-PBW

- Medium thickness (80 x 60mm)
- Easy to cut
- Easy to read
- Embossed lines
- 100 per bag

## Jumbo Green Pattern Blanks

Green  
03-83.107

Our Jumbo Green Pattern Blanks are easy to cut, and the embossed measuring lines allow for easy size-matching.

- Smooth-cutting rigid plastic is 1/16" thick with reinforcing hub
- Good for use in automatic pattern makers
- 80 x 65mm
- 50 per bag

## "Big Stick" Polish Rouge

Our polishing compounds work for all lens materials. Use edge polish sticks to rapidly buff lens edges to a high luster. Huge 1 lb. bar.

CR-39 Polish Stick	71-BX-7057
Poly Polish Stick	71-BX-7058
High-Index Polish Stick	71-BX-7059

\$24.99  
each

## Polishing Compounds

This economical and safe container keeps your hands clean and can be used to the last particle.

- White:** Final high gloss finish polishing compound for all plastic lens edges.
- Red:** Edge polish for glass lenses and metal frames. Water soluble.
- Yellow:** High gloss polishing compound for all plastic lens edges. Useful for index lenses.
- Blue:** First step compound favored by many for index materials. Use with solid felt buff and follow with finish compound for excellent results.
- Zam Green:** First step compound for all plastic lens edges. Good choice for index materials. Follow with finish compound.
- Wonder Bar:** Final step polish for use on both metals and plastics.
- Green:** First step compound for all plastic lens edges. Use with solid felt buff and follow with finish compound.
- Crystal Kleer:** Excellent finish polish for clear and colored plastics of all types. Especially useful for ZYL.

White Rouge 5 oz.	03-47.326	\$6.00
Red Rouge 6 oz.	03-47.324	\$6.00
Yellow Rouge 5 oz.	03-47.327	\$6.00

# SURFACING

Flower Power

Our diverse surfacing supplies collection includes the essential necessities for both traditional lens processing as well as today's digital needs. Our best-selling surfacing pads are produced from the highest-quality, most trusted materials from around the globe to give you the best Flower Power for your fining and polishing operations. Our backside coating, high purity alloy, polishes, and surface protection tapes have all been carefully formulated and selected to provide you with the most reliable surfacing consumables available.

## Digital Polish Tools For Schneider Equipment

\$9.99  
each

Our tools feature a thick, flexible pad surface that resists tearing and increases usable life. The flexible design maximizes surface conformity, ensuring the highest quality freeform finish.

- Available in 3 color-coded bases: 075, 150, and 600
- One Step polishing cycle for all organic lenses eliminates the need for a second stage flock polishing pad
- Top surface holes help increase polish flow

First stage / One step - Pink		Second stage - Black	
R75	89-PT-S4-0075	075	89-PT-S4-0075B
R150	89-PT-S4-0150	150	89-PT-S4-0150B
R600	89-PT-S4-0600	600	89-PT-S4-0600B

## Alloy

- Available in 117° F melting point
- Works in all alloy blocking machines
- 1 lb. bar

\* Call for assistance with other melting points.

23-A117-1LB Call for pricing

## Finished Job Cases

WHOLESALE LABS: Are you still using foam sheets and rubber bands to return finished work to your customers? Our environmentally friendly, recyclable, reusable job case is a quantum leap in delivering jobs to your valuable customers. Our PET recyclable plastic case is rigid for better protection, clear for instant identification, and can be reused more than twelve times.

- Custom colors and imprinting available
- “Green” alternative to Styrofoam or plastic bags
- Professional presentation
- Sold 1,000 per case

99-LABCASECLEAR Each \$.28

Small Tray  
6" wide x 9" long x 1.5" deep

\$2.79  
each

## Small Job Trays

Self-nesting partitioned job tray comes with an adjustable divider.

- Available in eleven different colors
- Self-stacking
- Sold 24 per case (1 color per case)

	BLACK	BLUE	BROWN	GREEN	GRAY	IVORY	ORANGE	PINK	PURPLE	RED	YELLOW
Small:	69-101	69-102	69-103	69-104	69-105	69-106	69-107	69-108	69-109	69-110	69-111
Large:	69-201	69-202	69-203	69-204	69-205	69-206	69-207	69-208	69-209	69-210	69-211

Large Tray  
7" wide x 12" long x 2" deep

\$4.99  
each

## Large Job Trays

Dual partition separates left and right lenses, and lenses from frames. Rigid plastic offers reliable stacking, no warping, and a long life.

## Job Tray Cleaner

Our innovative solution is the only formula proven to thoroughly clean dried polish from all job trays. Restores job trays to like-new condition.

- Simple spread on, wipe off process
- Helps eliminate scratched lenses
- Quart

99-278-1 \$19.99

# Spin-On UV-Hardcoat

UV Curable Backside Spin Coating

Spin-On delivers guaranteed superior performance at a significant savings. Its solvent-free formula is both safe and effective.

- Compatible in all standard spin coater machines
- Superior scratch resistance and tintability
- Excellent adhesion to AR
- 4 oz.

## Conversion Kit

- One 5 micron coating filter
- One pair of gloves and safety goggles
- Two empty 4 oz. bottles
- Four feet of tubing for coating station
- One gallon size zip bag

99-SPINONCK \$79.95

99-SPINON \$399.99

## Cylinder Machine Reception Chucks

\$199.99 each

Our replacement reception chucks fit all Satisloh® conventional cylinder machines. Made of a proprietary plastic, they offer extended longevity.

- Sold by the individual chuck

# Surfacing Pads - Shape Guide

As well as the traditional 6- and 7-petal surfacing pads, we offer a range of alternative pad shapes for different applications, such as high curve impellor pads.

**Q** 8 Leaf  
3"  
3.25"  
3.5"

**T** 7 Leaf  
3"  
3.125"  
3.25"  
3.5"

**P** 6 Leaf  
2.65"  
3"  
3.125"  
3.25"  
3.5"

All surface pad items and pricing refer to 76mm (3") 7-Leaf shape.

All other shapes and sizes are available upon request.

## “Superfine” Black 1st Fine

A unique 1st fine pad, it gives consistent and high stock removal rates throughout the fining cycle, yet achieves an excellent surface finish for the 2nd fine stage. The flexible backing ensures excellent conformity to the tool.

MATERIAL:	Silicone Carbide			
THICKNESS:	0.27mm	500/Roll	89-A1D2N	\$49.14
SIZES:	All sizes			
SHAPES:	P,Q,T			

## Hi-Index 1st Fine

The Black 1st fine Hi-Index pad is an evolutionary pad designed for use with modern generators with little or no elliptical error. The lower stock removal rates make it ideal for today's soft Hi-Index lens material.

MATERIAL:	Silicon Carbide			
THICKNESS:	0.28mm	500/Roll	89-A2D2N	\$57.02
SIZES:	All sizes			
SHAPES:	P, Q, T			

## “Superfine” Black 2nd Fine

Superfine is a more aggressive addition to our family of 2nd fine pads with increased stock removal rates. Consistent results ensure complete suitability on the full range of CR-39 and Hi-Index lens material. The specially formulated backing allows excellent conformity to the tool when placed directly over the 1st fine pad.

MATERIAL:	Silicon Carbide			
THICKNESS:	0.26mm	500/Roll	89-C1D2N	\$68.64
SIZES:	All sizes			
SHAPES:	P, Q, T			

## “Superfine” Pink 2nd Fine

This pad has been designed especially for use with the latest generation of processing equipment and plastic lens materials. The aluminum oxide abrasive is unique and requires no breakdown of the abrasive to achieve a high quality surface with minimum running times. For the best results, use a direct water supply running to waste.

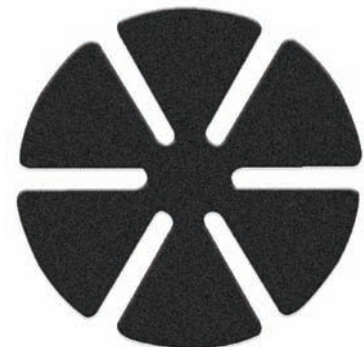

MATERIAL:	Aluminum Oxide			
THICKNESS:	0.13mm	500/Roll	89-C2D2N	\$62.82
SIZES:	All sizes			
SHAPES:	P, T			

## 180 Grit Roughing

The 180 grit is a well tried extremely aggressive pad and is ideally suited for curve correction or removal of extreme elliptical error.

MATERIAL:	Aluminum Oxide			
THICKNESS:	0.40mm	500/Roll	89-B1D2N	\$35.08
SIZES:	76mm, 89mm			
SHAPES:	P, T			

## Red 1 Step

The unique design and specification of the aluminum oxide particles ensures a high, consistent stock removal rate throughout the curve range and in all conditions while maintaining an excellent surface quality. Available with the special compensated backing which is the thickness of a 1st and 2nd fine pad combined, or as a non-compensated version.

MATERIAL:	Aluminum Oxide			
THICKNESS:	0.27mm, 0.47mm compensated	500/Roll	89-D1D2C	\$43.38
SIZES:	All sizes			
SHAPES:	P, Q, T			

## Black 1 Step

The surface structure of the pad is designed to give excellent stock removal characteristics while maintaining a quality lens surface without extending polishing times. Available as a standard thickness or with the special compensated backing which is the thickness of a 1st and 2nd fine pad.

MATERIAL:	Silicon Carbide			
THICKNESS:	0.27mm, 0.47mm compensated	500/Roll	89-E1D2C	\$40.66
SIZES:	All sizes			
SHAPES:	P, Q, T			

## Quantum 1 Step

This special abrasive is unique, giving the highest quality surface with minimum running times and providing an excellent foundation for AR coating. It is available with the special compensated backing or in the non-compensated version.

MATERIAL:	Aluminum Oxide			
THICKNESS:	0.27mm, 0.47mm compensated	500/Roll	89-D3D2C	\$37.46
SIZES:	All sizes			
SHAPES:	P, Q, T			

## Claris 1 Step

Developed to achieve exceptional one-step surface quality on CR-39, Hi-Index, Spectrolite, and photochromic lens materials. The ultra-fine surface quality has been brought about by careful selection of the grit particle size and a new bonding process. Claris will give excellent surface quality on all of today's modern surfacing equipment.

MATERIAL:	Aluminum Oxide			
THICKNESS:	0.27mm, 0.47mm compensated	500/Roll	89-D4D2C	\$35.36
SIZES:	All sizes			
SHAPES:	P, Q, T			

## 320 Grit Roughing

An aggressive Silicon Carbide material specifically designed as a superior first fine pad for polycarbonate lenses. It gives a consistent removal rate throughout the fining operation and leaves a regular surface for the next fining stage. This pad can also be used as a standard roughing pad for CR-39 and Hi-Index lenses with excellent results.

MATERIAL:	Silicon Carbide			
THICKNESS:	0.40mm	500/Roll	89-B2D2N	\$55.48
SIZES:	76mm, 89mm			
SHAPES:	P, T			

## Black Polycarbonate 1 Step

The Black Polycarbonate 1 Step has been developed for the discerning customer who is looking for minimal stock removal while achieving the best possible finish quality on Polycarbonate and Trivex® lenses. It is produced to exceptionally high standards by selecting the finest grade abrasive grit and materials to produce the best finished result possible.

MATERIAL:	Silicon Carbide			
THICKNESS:	0.46mm compensated	500/Roll	89-E1D2C	\$40.66
SIZES:	76mm, 89mm			
SHAPES:	P, T			

## Next Polycarbonate 1 Step

Next Polycarbonate 1 Step represents the next generation in polycarbonate finishing pads. The high quality surface that can be achieved is possible due to the constant search for new manufacturing processes, material selection, strict quality control, careful selection of the grit particle size, and a new bonding system.

MATERIAL:	Aluminum Oxide			
THICKNESS:	0.27mm, 0.46mm compensated	500/Roll	89-E2D2C	\$36.34
SIZES:	76mm, 89mm			
SHAPES:	P, T			

## Merlin 1 Step Multiplex

The Merlin Multiplex pad is a natural progression from our original Wizard Pad, which was the first multipurpose one step pad to be developed for finishing both polycarbonate and CR-39 materials. This one step pad does away with the multitude of pads found in most labs, eliminating the need to have different pads for different plastic lens materials.

MATERIAL:	Silicon Carbide			
THICKNESS:	0.27mm, 0.46mm compensated	500/Roll	89-F1D2C	\$35.00
SIZES:	76mm, 89mm			
SHAPES:	P, T			

## Q 1 Step Multiplex

Q Multiplex pad allows the customer all the freedom of having only one pad in stock for handling all lens types, from simple CR-39 to polycarbonate and beyond.

MATERIAL:	Aluminum Oxide			
THICKNESS:	0.27mm, 0.46mm compensated	500/Roll	89-F2D2C	\$41.26
SIZES:	76mm, 89mm			
SHAPES:	P, T			

## White Polishing

This addition to our range of polishing pads was developed to be compatible with all lens materials, liquid polishes, and makes of machinery. Its balance between performance and cost makes this product the top choice for a great number of customers who are looking for exceptional value and good, consistent quality.

MATERIAL:	Short flock synthetic			
THICKNESS:	0.75mm (compressed)	250/Roll	89-G1D2	\$25.16
SIZES:	All sizes			
SHAPES:	P, Q, T			

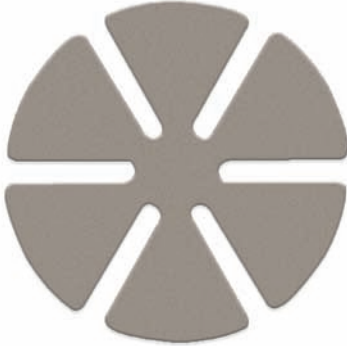

## Yellow Lustre Polishing

Yellow Lustre is the original benchmark for companies looking to buy the best possible high-end polishing pad on the market. The cotton twill backing and the uniform nap length give a firm pad with excellent curve reproduction capabilities. The Lustre is particularly suited for use after one-step fining and cut-to-polish operations on both CR-39 and Hi-Index lenses.

MATERIAL: Short flock synthetic  
THICKNESS: 0.70mm (compressed)  
SIZES: All sizes  
SHAPES: P, Q, T

250/Roll	89-G3D2	\$26.90
----------	---------	---------

## Silver Polishing

The Silver Polishing pad is ideal for the customer looking for the balance between economy and quality. This polishing pad has specifically been developed for all types of machines and lens materials. The synthetic substrate backing and uniform velveteen nap give a firm pad with excellent curve reproduction capabilities.

MATERIAL: Short flock synthetic  
THICKNESS: 0.70mm (compressed)  
SIZES: All sizes  
SHAPES: P, Q, T

250/Roll	89-G4D2	\$30.52
----------	---------	---------

## Sapphire Polishing

Sapphire's short synthetic nap allows for the maximum delivery of polish to the lens surface ensuring superb results. It also benefits from our unique backing and adhesive technology, making it suitable for use on all lap types, while absorbing any minor defects in the surface of the tool.

MATERIAL: Short flock synthetic  
THICKNESS: 0.70mm (compressed)  
SIZES: All sizes  
SHAPES: P, Q, T

250/Roll	89-G5D2DC	\$28.32
----------	-----------	---------

## Performa Polishing

The Performa is a high performance plastic polishing pad which has been specially developed for today's demanding production and to complement the latest advancement in aluminum oxide organic lens polishes.

MATERIAL: Short flock synthetic  
THICKNESS: 0.70mm (compressed)  
SIZES: All sizes  
SHAPES: P, Q, T

250/Roll	89-G2D2	\$26.38
----------	---------	---------

## Rose Polishing

The Rose pad incorporates new unique flock length technology. The nap on this pad is very soft and flexible and not of a uniform length. It allows a far greater flow of polish to the surface of the lens and pad, dramatically increasing the amount of polish at the lens surface during the polish cycle. Rose is suitable for use with all types of lens materials and machinery but is especially suited for labs that run a high percentage of Hi-Index, polycarbonate, Trivex<sup>®</sup>, and AR coated lenses. It provides outstanding results when run on the latest cut-to-polish equipment.

MATERIAL: Short flock synthetic  
THICKNESS: 0.85mm (compressed)  
SIZES: All sizes  
SHAPES: P, Q, T

250/Roll	89-G7D2	\$34.06
----------	---------	---------

# Tape Dispenser System

Designed and tested to apply surface saver tape uniformly across ophthalmic lens surfaces by using air pressure.

- Eliminates manual application
- No electrical connection
- Requires 60 psi

08-3M1645 \$2,839.99

## Surface Saver Blades

- Sold in packs of 5

08-3M9944 \$79.99

## 3M Surface Saver Knife Blade Handle

- For use with 3M Surface Saver knife blades

08-3M9942 \$14.99

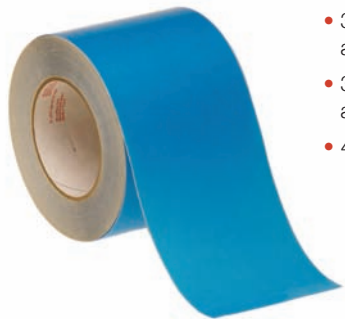

## 3M Clear Surface Tape

- Linerless clear tape for wax blocking
- 4" x 72 yards

08-3M1663 \$64.99

## 3M Surface Saver II Tape

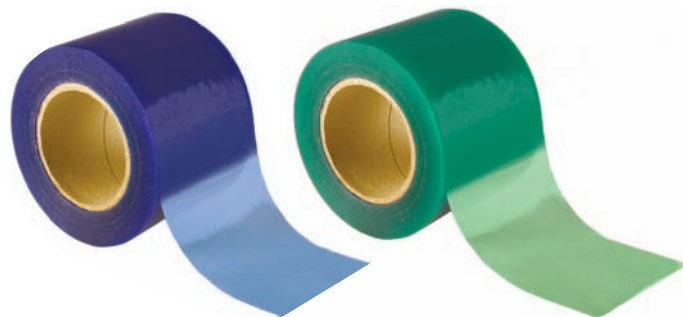

- 3M1641 for medium-temperature alloy blocking
- 3M1640 for high-temperature alloy blocking
- 4" x 36 yards

3M1641 08-3M1641 \$34.99  
 3M1640 08-3M1640 \$34.99

## Ceri-Guard 600 Linerless Surface Tape

This premium linerless surface tape is specially formulated to give extra heat reflection and surface protection while conforming to all lens surfaces including deep curves, lenses, and executives.

- Available in blue and green
- 4" x 76.5 yards  
Double the Length

Blue 99-SSTLINERLESS \$69.99  
 Green 99-SSTGLINERLESS \$69.99

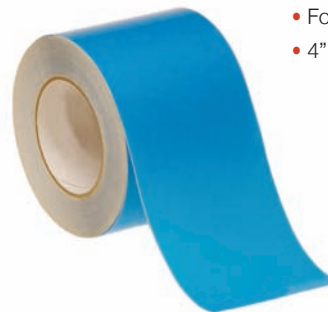

## Clear Surface Tape

- Economical tape for wax blocking systems
- Clear tape makes for easy layout
- 4" x 36 yards

51-SSTC \$29.99

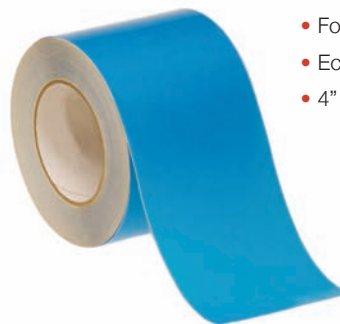

## Premium Surface Protection Tape

- For plastic lens applications
- 4" x 36 yards

51-SST \$29.99

## Economy Surface Protection Tape

- For plastic lens applications
- Economically priced
- 4" x 36 yards

89-SST2 \$27.99

# Chem Tempering Salts

\$59.99 each

- Produces a compressive stress in the lens surface
- Designed to work with any chem tempering equipment
- 10 lb. container

2-Hour Photochromic  
27-PHOTO2

16-Hour Photochromic  
27-PHOTO16

16-Hour Crown  
27-CROWN16

## Plastic Fiberlite Laps

\$7.99 each

High-quality plastic laps will not warp over time. They do not produce dangerous fumes or odors when cut and allow for faster machining.

- Can be cut on most 3-axis generators
- Engineered for superior curves and workmanship

Ball Cutter Sharpening	99-BALLCUTRETR	\$49.99

We can resharpen your ball cutters until they reach 18.2mm in diameter. Don't throw away your slightly used ball cutters! They can be resharpened up to 6 times.

# Generator Wheels

Manufactured to OEM Specifications

The diamond grit size, bond, and concentration are specifically selected for maximum performance and life. Concentricity is held to precise tolerances to ensure smooth operation.

See our full listing of generator wheels online

# Diamond Tooling

Our PCD tools are 100% made in the USA and will outlast lesser quality imported cutting tools. They are precision designed to fit your OEM equipment and provide a long cutting life.

# TOOLS

## Timeless Designs

An eye care professional's skills are only limited by the tools with which he has to work. OptiSource makes sure that those skills never stop improving. Our collection of tools includes innovative, one-of-a-kind designs, ergonomically correct designs, and the indispensable **Timeless Designs** needed for repairs, adjustments, assembly, and measuring. Our hand-friendly pliers include an industry-exclusive lifetime guarantee.

## 9-Piece Rimless Driver-Bit Set

Everything you would ever need to complete or repair quality rimless work.

- Case organizes all tips and driver handle
- Includes 9 attachments for use with driver handle or most drill machines

78-TA04B \$64.99

Included bits (from left to right):

- 1.0mm Drill Bit
- 1.2mm Drill Bit
- 1.4mm Drill Bit
- 1.5mm Drill Bit
- Flat Blade
- Phillips Blade
- Screw Finisher
- Lens Back-side Countersink Bit
- Lens Front-Side Countersink Bit

## Rimless Scribe Tool

- Clean and size drilled rimless holes

34-280 \$19.99

## Nylon Line Hook

- Assists in the application of interliner

78-TA48 \$7.99

## Rimless Hole Beveling Tool

- Deburs drilled rimless holes

Replacement Tip

34-438 \$17.99

Replacement Tip  
34-438RT \$5.99

## Hand-Friendly Ergonomic Pliers

- Non-slip cushion grip
- Smooth-action spring eliminates sticking
- Polished stainless steel construction
- Lifetime guarantee

Our Hand-Friendly Ergonomic Pliers are built with your comfort in mind. Cushioned handles are tailored for ease of use while maintaining the professional functionality of each specific plier.

### Compression Sleeve Assembly Pliers

- Designed for easy assembly of 3-piece mount frames
- Works with all compression sleeves

34-OSTHF452 \$29.99

Replacement Tips  
34-OSTHF452RT \$2.99

### Compression Sleeve Removal “Push” Pliers

- Easily pushes out broken or damaged compression sleeves
- Nylon jaws protect the lens surface

34-OSTHF454 \$29.99

Replacement Tips  
34-OSTHF454RT \$2.99

### Compression Sleeve Trimming Pliers

- Trim away long bushings for a precise fit
- Sharp jaws do not crush soft plastic sleeves

34-OSTHF456 \$29.99

## Compression Sleeve Removal “Pull” Pliers

- Designed for easy removal of compression sleeves
- Helps prevent damage to expensive frames and lenses

34-OSTHF453      \$29.99

## 3-Piece Frame Adjusting Pliers

- Contoured jaws cradle temple and compression sleeve
- Easily adjusts fragile drill-mount frames
- Helps prevent damage to expensive lenses

34-OSTHF435      \$29.99

Replacement Tips  
34-OSTHF435RT      \$2.99

## Lens Screw Holding Pliers

- Hold end piece of rimless frame to make adjustments to pantoscopic tilt
- Securely cradle lens screws for precise adjustments

34-OSTHF717      \$29.99

Replacement Tips  
34-OSTHF717RT      \$2.99

## Hand-Friendly Ergonomic Pliers

### Lens Aligning Pliers

- Use for making precise axis adjustments
- Swivel pads conform to any lens

34-OSTHF432 \$29.99

Replacement Tips  
34-OSTHF432RT \$2.99

### Eyewire Shaping Pliers

- Reshape metal eyewires to conform with lens curvatures
- Double-leaf spring design for convenience and comfort

34-OSTHF434 \$29.99

Replacement Tips  
34-OSTHF434RT \$2.99

### Eyewire Bending Pliers

- Reform eyewire or add face curve to a flat frame front
- Adjust bridges and temple tips

34-OSTHF613 \$29.99

Replacement Tips  
34-OSTHF613RT \$2.99

## Eyewire Bending Pliers

- Used to bend or straighten eyewires, temples, or nose pad arms
- Trident design provides leverage for finite adjustments

34-OSTHF1513      \$29.99

## Tapered Eyewire Closure Pliers

- Tapered pin on one jaw holds metal eyewire closed to accurately size lens during edging
- Won't strip screw threads

34-OSTHF011      \$29.99

## Lens Sizing Pliers

- Provides excellent control and leverage for controlled eyewire closure
- Angled head reduces hand strain
- Also useful for flaring rivets and peening screws

34-OSTHF429      \$34.99

## Hand-Friendly Ergonomic Pliers

### Nose Pad Arm Anvil Pliers

- Make precise adjustments to nose pad arms
- Small tips fit easily in tight areas

34-OSTHF863      \$29.99

### Slim Nose Pad Arm Adjusting Pliers

- Designed for adjusting most nose pad arm configurations
- Concave jaw supports nose pad mount

34-OSTHF437      \$29.99

### Crimp-On Nose Pad Crimping Pliers

- Attach crimp-on style nose pads securely
- Precisely folds crimp-on tabs for a secure fit

34-OSTHF235      \$29.99

## Nose Pad Removal Pliers

- Pushes nose pad out of its holder
- Use with all snap-style nose pads

34-OSTHF379 \$29.99

## Numont Pliers

- Opposing grooves in jaws secure frames for precision end piece adjustment
- Grooves provide support for temple angle modification

34-OSTHF214 \$29.99

## Bent Post Pliers

- Use to brace and grip hinge barrels
- Jaws parallel at 5mm; jaw width is 3.5mm
- Jaws bend at 45° angle

34-OSTHF008 \$24.99

## Hand-Friendly Ergonomic Pliers

### Bridge Reducing Pliers

- Jaw system holds bridge from both sides for a precise bridge reduction
- For metal and plastic frames

34-OSTHF129 \$29.99

Replacement Tips  
34-OSTHF129RT \$2.99

### Temple Bending Pliers

- For adjustments to both plastic and metal temples
- Strong and smooth nylon jaws
- Double-leaf spring designed for convenience

34-OSTHF433 \$29.99

Replacement Tips  
34-OSTHF433RT \$2.99

### Wide Jaw Angling Pliers

- Use to make pantoscopic and retroscopic angle adjustments
- Wide jaws accommodate even the thickest temples
- Also useful for modifying end pieces

34-OSTHF401 \$29.99

## Inclination Pliers

- Triangular metal jaw cradles hinges for extra support when making delicate adjustments
- 10mm wide jaws

34-OSTHF557 \$29.99

Replacement Tips  
34-OSTHF557RT \$2.99

## Flat/Round Snipe Pliers

- All-purpose adjusting pliers
- Double-leaf spring designed for comfort and convenience

34-OSTHF430 \$29.99

## Screw Extraction Pliers

- Remove broken screws with ease
- Double-leaf spring designed for convenience and comfort
- Foam cushioned handles for non-slip gripping

34-OSTHF038 \$29.99

## Hand-Friendly Ergonomic Pliers

### Round Metal/Flat Nylon Pliers

- Flat nylon jaw prevents marring of frame
- End piece wraps around jaw to easily bring temples in or out
- For use on full metal and semi-rimless frames

34-OSTHF412 \$29.99

Replacement Tips  
34-OSTHF412RT \$2.99

### Double Nylon Jaw Pliers

- Holds plastic or metal frames without marring
- 10mm wide jaw

34-OSTHF014 \$29.99

Replacement Tips  
34-OSTHF014RT \$2.99

### Narrow Double Nylon Pliers

- Holds plastic or metal frames without marring
- 8mm wide jaw

34-OSTHF053 \$29.99

Replacement Tips  
34-OSTHF053RT \$2.99

## Nylon Gripping Pliers

- Smooth and tough nylon jaw protects frames
- Double-leaf spring designed for convenience and comfort

34-OSTHF405 \$29.99

Replacement Tips  
34-OSTHF405RT \$2.99

## Flat Chain Nose Pliers

- Provides excellent control and leverage for the best adjustments
- Use to adjust temples, bridges, and pad arms
- Great for any kind of holding or shaping work

34-OSTHF410 \$29.99

## Long Snipe Nose Pliers

- Long tapered-nose pliers for adjustments in tight areas
- Double-leaf spring design for convenience

34-OSTHF428 \$39.99

## Hand-Friendly Ergonomic Pliers

### Bent Snipe Nose Pliers

- Angled jaws for easy adjustments in tight places
- Polished stainless steel construction

34-OSTHF431      \$29.99

### Heavy Duty Side Cutting Pliers

With Tungsten-Carbide Tips

- Easily cut screws for temple-ends for a clean finish
- Available in right-hand and left-hand configurations
- Has an 11mm cutter length and an overall 160mm length

R-Hand 34-OSTHF424      \$39.99  
L-Hand 34-OSTHF425      \$39.99

### Chappel Cutting Pliers

With Tungsten-Carbide Tips

- Chips away excess lens or blank material
- Cuts nickel-silver screws and rivets
- Double-leaf spring designed for convenience

34-OSTHF451      \$39.99

## Heavy-Duty Cutting Pliers

With Tungsten-Carbide Tips

- Extended handles for added strength and cutting power
- Excellent for cutting core wires and heavy nickel-silver screws
- Double-leaf spring designed for convenience and comfort

34-OSTHF039 \$39.99

## 6" Top Cutting Pliers

With Tungsten-Carbide Tips

- Double-action hinges increase applied force
- Cuts stainless steel screws and rivets
- Design allows for flush cuts in tight areas
- Total length of the pliers is 6 inches

34-OSTHF023-6TOP \$49.99

## Leverage Screw Cutting Pliers

- Safely cut silver and brass screws on rimless frames
- Not suitable for steel screws

34-OSTHF578 \$29.99

## Hand-Friendly Ergonomic Pliers

### Large Deblocking Pliers

- Removes blocks quickly and easily without damaging lenses
- 14mm diameter

34-OSTHFDEBL \$34.99

### Small Deblocking Pliers

- Removes blocks quickly and easily without damaging lenses
- 11mm diameter

34-OSTHFDEBLS \$34.99

### Angled Deblocking Pliers

- The angled design decreases stress for safer deblocking on AR coated lenses
- Fits all 14mm blocks

34-OSTHFDEBLANG \$34.99

## Titanium Pliers

- A selection of our ten best-selling pliers
- Buy individually or as a set
- Internal box spring made of pure titanium

### Eyewire Shaping Pliers

- Reshape metal eyewires to conform with lens curvatures
- Internal spring design for convenience and comfort

34-OSTTT434 \$49.99

Replacement Tips  
34-OSTTT434RT \$3.99

Our Titanium tools are another OptiSource exclusive product. Never before have optical pliers been so carefully designed and precision manufactured. The close attention to detail can be seen from the tight tolerances in the jaws down to the milled logo in the handles. All titanium tools are designed with an internal box spring made of pure titanium, stainless steel handles and jaws, and finished with a blue iridescent titanium coating.

### Double Nylon Jaw Pliers

- Holds plastic or metal frames without marring
- 10mm wide jaw

34-OSTTT014 \$49.99

Replacement Tips  
34-OSTTT014RT \$3.99

## Titanium Pliers

### Cutting Pliers

With Tungsten-Carbide Tips

- Easily cut screws for temple-ends for a clean finish
- Has an 11mm cutter length

34-OSTTT424      \$54.99

### Lens Aligning Pliers

- Use for making precise axis adjustments
- Swivel pads conform to any lens

34-OSTTT432      \$54.99

Replacement Tips  
34-OSTTT432RT      \$3.99

## Compression Sleeve Assembly Pliers

- Designed for easy assembly of 3-piece mount frames
- Works with all compression sleeves

34-OSTTT452 \$49.99

Replacement Tips

34-OSTTT452RT \$3.99

## Deblocking Pliers

- The angled design decreases stress for safer deblocking on AR coated lenses
- Fits all 14mm blocks

34-OSTTTDEBLANG \$49.99

## Titanium Pliers

### Slim Nose Pad Arm Adjusting Pliers

- Designed for adjusting most nose pad arm configurations
- Concave jaw supports nose pad mount

34-OSTTT437      \$49.99

### Nylon Gripping Pliers

- Smooth and tough nylon jaw protects frames
- Internal spring design for convenience and comfort

34-OSTTT405      \$49.99

Replacement Tips  
34-OSTTT405RT      \$3.99

## Long Snipe Nose Pliers

- Long tapered-nose pliers for adjustments in tight areas
- Internal spring design for convenience and comfort

34-OSTTT428 \$49.99

## Round Metal/Flat Nylon Pliers

- Flat nylon jaw prevents marring of frame
- End piece wraps around jaw to easily bring temples in or out
- For use on full metal and semi-rimless frames

34-OSTTT412 \$49.99

Replacement Tips  
34-OSTTT412RT \$3.99

## Lady's Pliers

- A selection of our ten best-selling pliers
- Buy individually or as a set
- Sales benefit Breast Cancer Research Foundation

Our Lady's pliers are designed specifically to fit smaller hands. The comfortable rubberized grip is emblazoned with the pink Breast Cancer Awareness Ribbon. A portion of the proceeds from the sale of our Lady's Tools will be donated to the Breast Cancer Research Foundation ([www.bcrfure.org](http://www.bcrfure.org)). All OptiSource pliers carry our unmatched lifetime guarantee.

## Nylon Gripping Pliers

- Smooth and tough nylon jaw protects frames
- Internal spring designed for convenience and comfort

34-OSTLL405 \$29.99

Replacement Tips  
34-OSTLL405RT \$3.99

## Compression Sleeve Assembly Pliers

- Designed for easy assembly of 3-piece mount frames
- Works with all compression sleeves

34-OSTLL452 \$29.99

Replacement Tips  
34-OSTLL452RT \$3.99

## Slim Nose Pad Arm Adjusting Pliers

- Designed for adjusting most nose pad arm configurations
- Concave jaw supports nose pad mount

34-OSTLL437 \$29.99

## Double Nylon Jaw Pliers

- Holds plastic or metal frames without marring
- 10mm wide jaw

34-OSTLL014 \$29.99

Replacement Tips  
34-OSTLL014RT \$3.99

## Lady's Pliers

### Eyewire Shaping Pliers

- Reshape metal eyewires to conform with lens curvatures
- Double-leaf spring design for convenience and comfort

34-OSTLL434      \$29.99

Replacement Tips

Tools Not Included

24" Magnetic Wall Bar Tool Holder

Tools Not Included

9" Metal Table-Top Tool Holder

Curved Plastic Tool Rack

24" Magnetic Wall Bar	34-HOLDMAGNET	\$29.99
9" Metal Table-Top	34-HOLDMETAL	\$11.99
Curved Plastic Tool Rack	78-TB08	\$54.99

## Tool Kits

### 10-Piece Titanium Tool Kit

This set of ten Titanium pliers is a selection of our best selling tools. The travel case is a luxurious and durable storage solution.

- Slim Pad Arm Adjusting Pliers
- Eyewire Shaping Pliers
- Lens Aligning Pliers
- Nylon Gripping Pliers
- Flat/Round Metal Pliers
- Side Cutter Pliers (right)
- Long Snipe Nose Pliers
- Angled Deblocking Pliers
- Double Jaw Nylon Pliers
- Compression Sleeve Assembly Pliers

34-OSTT-SET10 \$499.99

### 10-Piece Lady's Tool Kit

This set of ten Lady's pliers is a selection of our best selling tools. The travel case is a luxurious and durable storage solution. Sales benefit Breast Cancer Research Foundation.

- Slim Pad Arm Adjusting Pliers
- Eyewire Shaping Pliers
- Lens Aligning Pliers
- Nylon Gripping Pliers
- Flat/Round Metal Pliers
- Side Cutter Pliers (right)
- Long Snipe Nose Pliers
- Angled Deblocking Pliers
- Double Jaw Nylon Pliers
- Compression Sleeve Assembly Pliers

34-OSTKLL \$299.99

## Tool Kits

### 8-Piece Hand-Friendly Tool Kit

This 8-piece hand-friendly tool set is designed with your comfort in mind. Cushioned handles are tailored for ease of use while maintaining the professional functionality of each specific tool.

- Wide Jaw Angling Pliers
- Nylon Gripping Pliers
- Lens Axis Aligning Pliers
- Chain Nose Pliers
- Flat/Round Metal Pliers
- Temple Bending Pliers
- Pad Arm Adjusting Pliers
- Narrow Double Nylon Pliers

34-OSTKHF      \$229.99

### 11-Piece Rimless Hand-Friendly Tool Kit

This 11-piece hand-friendly tool set is designed with your comfort in mind. Contains eleven rimless hand-friendly tools critical for assembly and adjusting of rimless work. Entire set fits in a tailored leatherette case for easy storage and carrying.

- Wide Jaw Angling Pliers
- Flat/Round Pliers
- Pad Arm Adjusting Pliers
- Narrow Double Nylon Pliers
- 3-Piece Rimless Pliers
- Compression Frame Removal Pliers
- Compressing Pliers
- Compression Sleeve Trimming Pliers
- Compressing Sleeve Punch Pliers
- Hole Beveling Tool
- Scribe

34-OSTKRIMLESS      \$254.99

## Optical Tweezer

34-OST030 \$7.99

## Insulated Curved Self-Closing Tweezer

34-OST031 \$7.99

## Insulated Self-Closing Tweezer

34-OST032 \$7.99

## Self-Closing Optical Tweezer

- Grooved tip designed to hold screw head

34-OST033 \$9.99

## Pad Removing Tweezer

34-OST034 \$7.99

## Nylon-Brass Mallet

- Dual-headed, all-purpose mallet
- Brass head for firm strikes
- Nylon head for delicate, non-marking strikes

34-OST108 \$11.99

## Riveting Hammer

- Use for close work on rivets or other small parts
- Balanced design for precision work

34-OST109 \$11.99

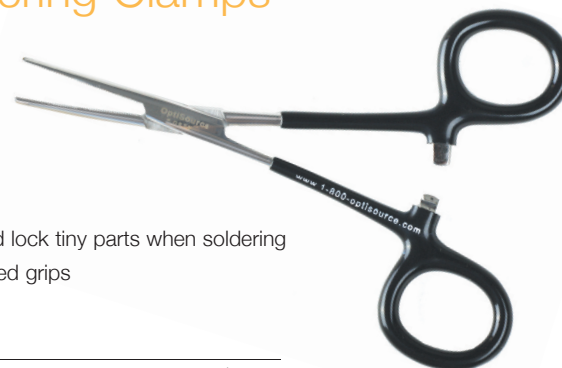

## All-Purpose Lab Snips

- Excellent for hand-cutting plastic pattern blanks
- All-purpose snips feature comfort handles

34-OST299 \$6.99

## Soldering Clamps

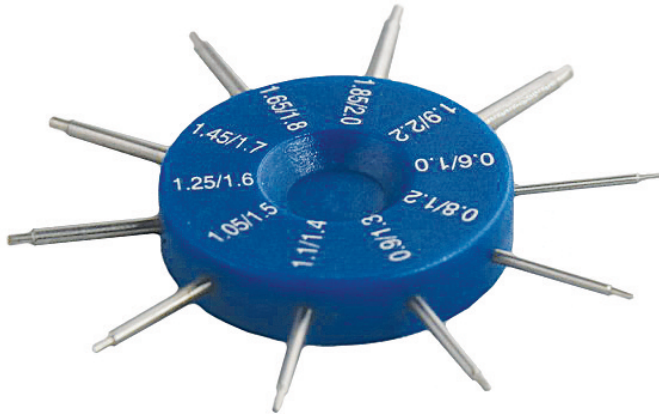

- Hold and lock tiny parts when soldering
- Cushioned grips

Straight	34-OST040	\$7.99
Curved	34-OST041	\$7.99

## Lens Hole Gauge

- Easily measure lens holes
- Measure 20 different hole sizes

78-TA16B \$18.99

## Hex Nut Wrenches

\$9.99 each

2.2mm hex wrench

2.5mm hex wrench

2.2mm 34-SL312  
2.5mm 34-SL311

## Screw Gripper

Hold and lock screws and nuts in position while either removing or placing screws and nuts.

78-TA20D \$12.99

## Aluminum Handle Reversible Screwdrivers

\$7.99 each

Phillips-Head or Flat-Head Blades Available

- Shaft constructed of aluminum
- Pull-out, double-ended blade and reverse to switch head sizes

Phillips-Head 1.6/2.0mm 34-SLSDPHIL  
Flat-Head 1.6/2.2mm 34-SLSDFLAT

## Brass Handle Reversible Screwdrivers

\$15.99 each

Solid Brass Shaft with Anti-Roll Top

- Thick, textured handle
- Super-smooth spinning
- Reversible blades
- Anti-roll top removes for storage of extra blades

Phillips-Head 1.6/2.0mm 34-SL105A  
Flat-Head 1.6/2.2mm 34-SL113

## Replacement Blades

\$7.99 per pack

- Fits aluminum and brass screwdrivers on this page
- New and improved hardened steel

Hex Nut Tip 2.2

Hex Nut Tip 2.5

Phillips-Head Reversible

Flat-Head Reversible

Hex Nut Tip 2.2mm 1 Blade 34-HEXRP2.2  
Hex Nut Tip 2.5mm 1 Blade 34-HEXRP2.5  
Phillips-Head 1.6/2.0mm 4 Blades 34-PHILLIPS  
Flat-Head 1.6/2.2mm 4 Blades 34-FLATHEAD

## 10-Piece Mini-File Set

- Compact organizer case
- Variety of file shapes and finishes

78-TA64 \$24.99

## Files

### Bent Flat Needle File

68-LI-252 \$12.99

68-LI-165 \$29.99

### Screw Head Finishing

68-LI-250/50 \$42.99

# Screw Extractor Kit

- Made from zinc alloy and copper
- Easily remove broken or stripped screws
- Rethread stripped barrels

Screws Extractor	78-T004	\$59.99
------------------	---------	---------

### Replacement Parts

1.0 bit	78-T004B-1.0	\$3.99
1.2 bit	78-T004B-1.2	\$3.99
1.2 tap	78-T004C-1.2	\$3.99
1.4 tap	78-T004C-1.4	\$3.99
1.6 tap	78-T004C-1.6	\$3.99
1.0 cap	78-T004D-1.0	\$9.99
1.2 cap	78-T004D-1.2	\$9.99
0.9 needle	78-T004E-.9	\$14.99
1.1 needle	78-T004E-1.1	\$14.99
Replacement anvil	78-T004F	\$9.99

## Clavulus Hand Press

The Clavulus Hand Press is a staple tool for the consummate optical professional. It is constructed of stainless steel for the highest quality and smooth operation.

- Perform dozens of repairs and adjustments on this precision tool
- Made of stainless steel for years of continuous performance
- Heavy weight aluminum base

Includes:

- Peening punch
- Riveting punch
- Flaring punch
- Rivet puller
- Punch for Spread Hinges
- Single punch
- Double punch
- Anvils

Dimensions (W x H x D):  
135 x 290 x 175mm

34-HANDPRESS \$219.99

Replacement parts available online at [www.1-800-OptiSource.com](http://www.1-800-OptiSource.com)

## Helping Hands

Need a third hand for those difficult repair jobs? Our Helping Hands repair station is designed to hold the frame securely while you perform delicate repairs.

- Weighted base prevents slipping
- Adjustable alligator clips grip down firmly
- Hinged bar allows for easy positioning

99-HELPINGHANDS \$14.99

## Anvil Bench Block

Our bench top anvil is the perfect repair companion. It saves your countertop from gouges and scratches and provides round contour for leverage and shaping.

34-ANVIL \$38.99

## Hockey Puck Bench Block

The name says it all. The OptiSource Hockey Puck is the perfect anti-slip work surface for hinge and other repairs. Includes double-sided tape to stick to the bench top.

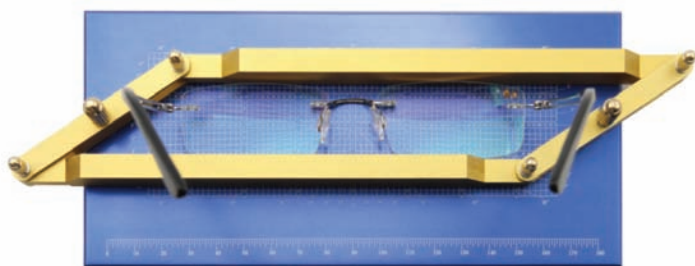

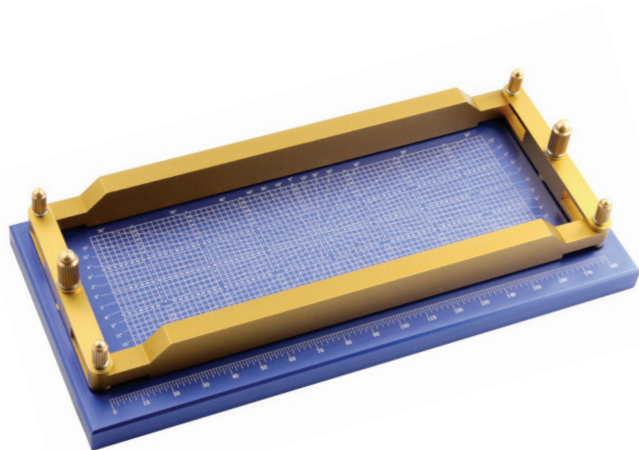

99-BENCHPUCK \$14.99

## Rimless Assembly Measuring Tool

Our Rimless Assembly Measuring Tool is a precision instrument that allows you to check the accuracy of your drilled rimless work. The cross-grids are etched with numbered scales to measure both horizontally and vertically from different reference points on the frame.

- Checks rimless accuracy
- Precision milled aluminum
- Numbered scales and rule

78-T012B \$69.99

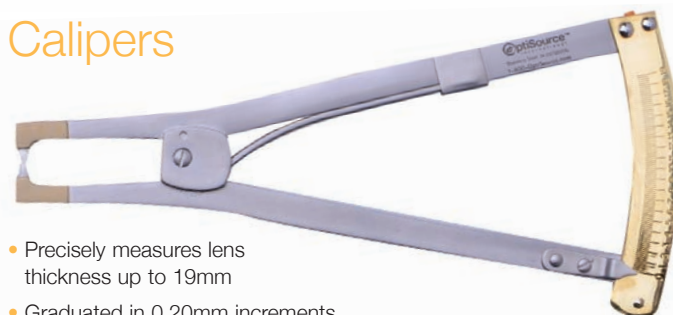

## Digital Caliper

- Precisely measures screws, holes, parts, and more
- Range: 0-100mm

78-TA43 \$59.99

## Calipers

- Precisely measures lens thickness up to 19mm
- Graduated in 0.20mm increments
- Stainless steel with brass index plate

Lens Thickness Caliper	34-OST001CAL	\$29.99
Wide Jaw Caliper	34-OST110	\$29.99

## 3x Zelco FLX Tabletop Lumifier with 5x bifocal

This high-quality, optical grade, 3x magnifying lens with a 4" diameter is ideal for optical professionals during frame assembly and repair. The soft touch switch illuminates the three super bright, cool white LED bulbs.

- Three super bright LED bulbs
- Requires 4 "AA" batteries (not included)

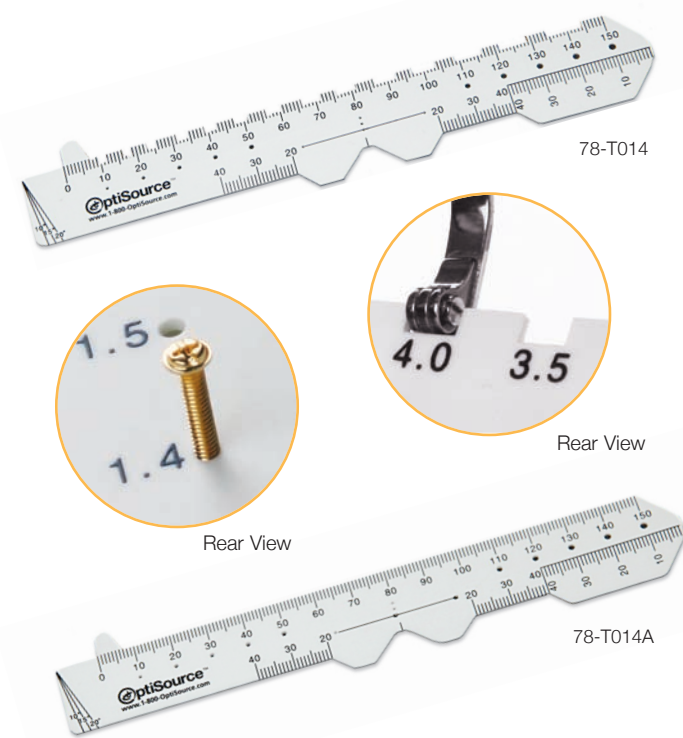

35-570285 \$52.92

## PD Rulers

Our PD rulers are multifunctional, indispensable tools. Not only do they accurately measure pupillary distance with three different printed scales, but they will also help during dispensing with a notched hinge-measuring edge and screw thickness gauge (both printed on the rear of the ruler). They are comfortable, lightweight, and medium thickness.

- Choose from two different styles

Multi-Function PD Ruler	78-T014	\$1.69
Straight Edge PD Ruler	78-T014A	\$1.69

Custom printing available (1,000 pc. minimum)

## Wood and Plastic PD Ruler

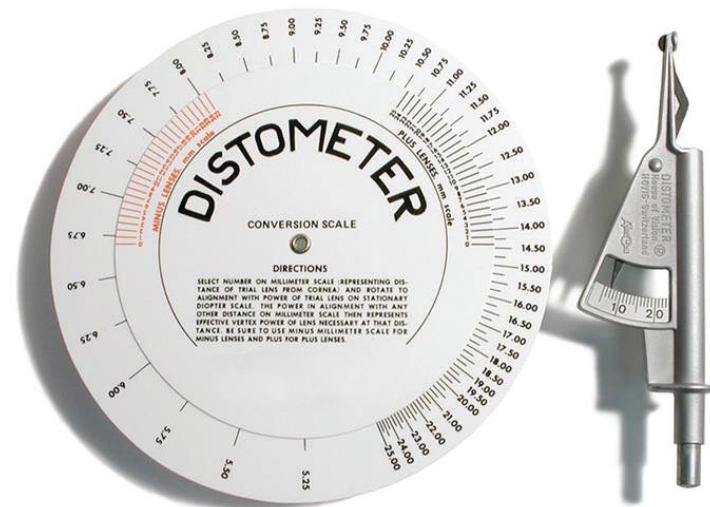

- Real wood design with high-contrast polymer-backed metric scale
- Millimeters on the front and inches on the back

99-PDWOOD	\$6.99
-----------	--------

## Distometer

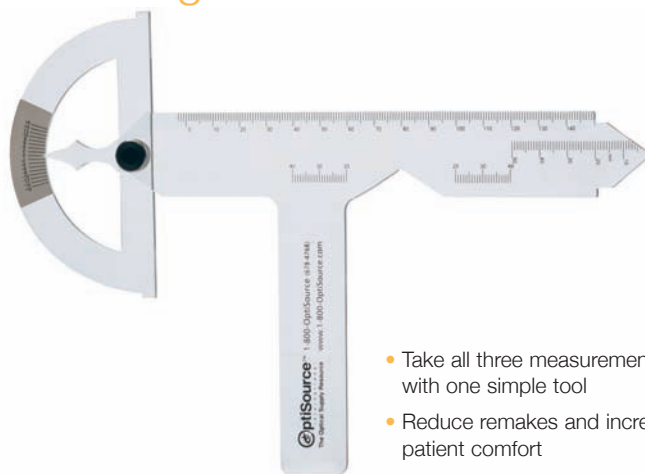

### Take the Fuss Out of Vertex Measurements with our Distometer

- Incorrect vertex distance will change the effective power of a prescription
- Avoid costly remakes and troubleshooting time by measuring vertex accurately
- With each distometer, you will receive a conversion scale for easy calculations

86-DISTOMETER	\$182.99
---------------	----------

## PAL Fitting Tool

- Take all three measurements with one simple tool
- Reduce remakes and increase patient comfort

Our PAL Fitting Tool is designed to easily measure your patient's PD, Pantoscopic Tilt, and Vertex Distance. This tool will help ensure that your patient's lenses will be properly aligned with their position-of-wear.

78-PALFITTOOL	\$22.99

# FRAME PARTS

Prepared for Repair

Today's frame styles — from classic designs to cutting edge — continue to challenge us with new or unique hardware to assemble and repair. OptiSource offers one of the largest selections of staple frame screws, rimless hardware, and nose pad collections to keep you Prepared for Repair. Our patented Snapit™ frame screws have changed the way repair and assembly work gets done around the world. We offer the most comprehensive variety of rimless assembly parts: sizes, shapes, and materials.

Snap

**Snapit**  
frame screws

New and Improved Design  
Breaks Cleaner, Smoother, and Flatter

OptiSource International is the exclusive manufacturer of Snapit™ patented frame screws. These high quality stainless steel screws have a unique, extra long feeder tip that makes handling screws a cinch and repairs a pleasure.

After the screw is inserted into any hinge or eyewire, the long feeder tip simply snaps off cleanly with just your fingers leaving a smooth finish. Clipping and filing is eliminated. All Snapit™ screws will self-align, self-tap stripped threads, and include the OptiSource Stay-Tight™ thread lock.

- Eyewires, Hinges, Spring Hinges
- Self Aligns, Self Taps
- Includes Stay-Tight™ thread lock
- Available in Silver, Gold, Gunmetal, and Black
- Protected by US and International Patents\*

# Precision Stainless Screws

OptiSource offers a huge variety of the most popular and hard-to-find screws. Our screws are precision manufactured to the tightest tolerances and come in color-coded vials with easy-to-read descriptions. Our exclusive Stay-Tight™ thread lock coating keeps screws in place to eliminate back-out or loosening. (Screws with Stay-Tight™ include “ST” in the part number.)

# Frame Parts Drawer System

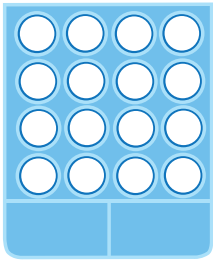

**\$9.99**  
each drawer

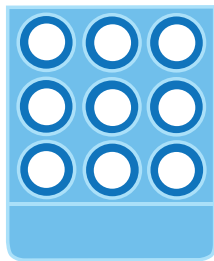

Our modular design allows for the greatest flexibility for frame parts storage. Neatly store standard screws, Snapit™ screws, nose pads, temple-ends, and other frame parts in a compact footprint. Three different drawer designs are interchangeable and stackable to offer the greatest variety for your storage and organizing needs.

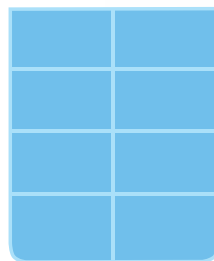

- Sturdy, durable plastic construction
- Stackable, interchangeable drawer designs
- Each drawer measures 16.5cm (W) x 18.5cm (D)
- Screw drawers are 4cm (H) and nose pad drawers are 8cm (H)

44-650-1  
Drawer for Screw Vials

44-650-2  
Drawer for Nose Pad Vials

44-650-3  
Drawer for Temple Tips

# Heat Shrink Temple Covers

Kit contains an assortment of black, clear, brown, and gray shrink tubing in two convenient sizes (1/8" and 3/16" x 4"). Each color and size is separated by a labeled compartment, while the hard plastic case provides easy storage.

- Four colors, 80 pieces total
- Shrinks to 1/3 of its original size
- For use with Hot Air Frame Warmers

- Color plates encased in specially designed album-type books for ease of handling
- 14 plate book

61-1254 \$189.99

## Horizontal Prism Bar

Prism bar includes diopters:  
1, 2, 4, 8, 12, 14, 16, 18, 20, 25, 30, 35, and 40.

- Case included

32-PRISMBAR-H \$179.99

## Contact Lens Handling

### DMV® Ultra™

- Inserts and removes Gas Permeable and Hard lenses

72-DMVULTRA \$2.49

### DMV® 45™

- Insertion and removal done at a 45° angle

72-DMV45 \$2.39

### DMV® Classic™

- The best option for Ortho-K lenses

72-DMVCLASSIC \$2.29

### DMV® MagicTouch™

- Hollow shaft provides optional suction for increased control

72-DMVMT \$2.49

### DMV® Scleral Cup™

- Securely grasps the contact lens or prosthetic eye for insertion and removal

72-DMVSC \$3.49

### DMV® Magna Mirror™

- Provides an excellent view of the eye to assist with contact lens insertion and removal

72-DMVMM \$14.99

## Clip-On Night Light

This featherweight light easily attaches to any eyewear frame and provides a bright, uniform light for any type of activity. The built-in swivel function allows adjustment of light in any direction.

- Great for reading, repair projects, or any low light activity
- Long lasting LR41 batteries included
- Makes a great hands-free exam light for ODs

99-240-1 \$9.99

## Eyeglass Light

Mounts easily on either right or left temple. Adjustable arm projects bright LED light.

- Long-lasting replaceable lithium batteries included
- Great for reading in bed, on a plane, map reading, and more

99-EYEGLASSLIGHT \$13.99

## Disposable Clip Penlights

These pen lights are economical, lightweight, and have a pupil gauge printed on them.

- Professional examination light
- Comes with pupil gauge

61-4062 \$13.99

## MacuHealth LMZ<sup>3</sup>

### Patented Supplement Formula Offers New Promise for AMD Patients

Age-Related Macular Degeneration (AMD) is a chronic condition that causes central vision loss. It affects millions of Americans. In fact, it is a leading cause of blindness in people 60 and older. Early detection and prevention have been shown to be the best way to prevent vision loss with AMD patients.

- Proven to restore critical macular pigment to normal levels
- Helps reduce the risk of Macular Degeneration
- Formula combines powerful antioxidants:  
10mg Lutein, 10mg Meso-Zeaxanthin, and 2mg Zeaxanthin
- Each bottle contains 90 one-a-day capsules
- LMZ3 is a unique triple carotenoid eye supplement,  
researched by expert scientists and endorsed by leading eye  
care professionals worldwide
- Case of 24

# ACCESSORIES

Passion for Fashion

You complete your first pair sale, lens upgrades, and second pair sale; now, what other products do you offer patients? Explore our diverse selection of accessories to enhance, protect, and complement your patient's new eyewear investment, all designed with a **Passion for Fashion** to keep them looking their best. OptiSource's newly expanded accessories include patented custom and semi-custom clip-on sunglasses, creative cases, temple decorations, and fashionable eyewear retainers. Additional accessory items include novelty and ECP-only reading glasses, eyewear holders, goggles, and low-vision products.

OptiPets are the creative, collectible, and fun-to-use eyeglass holder. Each hand-painted piece has a cradle designed to hold folded frame temples.

Originally introduced to spice up storefronts and frame counters, OptiPets have quickly become an incredibly popular accessory item that sells itself. OptiPets have become the go-to gift item for the hardest to shop for men, women, and children.

- Perfect for nightstands, desks, kitchen counters, and end tables
- Patients will always know exactly where their glasses are

## Fish and Frogs

The six-piece Art Fish collection features intricate hand paint work that contrasts frame colors. Our Frogs have won the hearts of ECPs and patients around the world. And of course, who could forget the beloved Ugly Fish? These bug-eyed creations are a conversation piece and hold frames with their temples open.

Free Case with Every Clip

## Introducing Kodak Lens Clip-On Sunglasses

These are the only clip-ons whose quality, features, and benefits can bear the name of one of the world's most trusted consumer brands.

The **Kodak** Lens clip-on sunglasses are made of .7mm Tri Acetate Cellulose (TAC) lenses.

### Frameless Design Technology

- Rimless style provides a barely-there look and feel
- Ever-Crimp™ hooks use no screws or rivets
- Adjustable nose bridge and hooks provide a near-custom fit

Complete fitting kit includes 43 clip-ons in three boxes

POP display

## FREESIA 1

Chocolate Frame, Amber Lens

The Freesia 1's urban jungle flair draws from its croc skin temple embellishments, sleek rectangular shape and rich chocolate brown finish.

## FREESIA 2

Gloss Black Frame, Gray Lens

The Freesia 2 has an understated elegance fashioned by 2 silver bars and a lustrous black finish within a slim and contemporary rectangular shape.

## DAHLIA 1

Gloss Black Frame, Gray Lens

The Dahlia 1 is reminiscent of the night sky - sophisticated and dazzling! Dozens of tiny crystals sparkle against a rich glossy black frame.

## DAHLIA 2

Gloss Black Frame, Gray Lens

The Dahlia 2 combines wild with the stylish joining a distinctive leopard print and a gold medallion.

# Low Vision Aids

## Magnifiers

COIL is recognized as a world leader in precision low-vision products with more than 65 years of experience serving the ophthalmic market. Throughout this period, COIL has researched, developed, and manufactured low-vision aid magnifiers and created one of the most comprehensive product ranges available.

## COIL Illuminated Raylite Magnifiers

These optical-quality acrylic lenses contain a maintenance-free sealed LED light and easy-to-replace batteries. Also available as an electric handle with a transformer. Multiple heads available with various power/dieters and lens sizes.

Incandescent Battery Raylite

Xenon-Battery Raylite

Xenon Transformer Raylite

LED Battery Raylite

## Non-Illuminated Hand-Held Magnifiers

These lightweight magnifiers offer a high quality acrylic, distortion-free lens. Its long handle is easy to hold and has a hole in the end that can accommodate a holder cord.

Item	Power	Lens Size	Price
35-454639	3x	3"x4" Rectangle	\$32.35
35-454616	5x	2.5" Round	\$12.91
35-454617	7x	2" Round	\$11.83
35-454668	(3x rec., 5x, 7x) Set of 3		\$43.15

## Distortion-Free Magnifier

Donegan's distortion free, optical acrylic lens ensures sharp focusing to the edge of the lens. It has a large, easy-to-hold handle.

Item	Power	Lens Size	Price
35-VMA21	5x	2.5" Round	\$33.43
35-VMA23	3x	2"x4" Rectangle	\$48.55

## Zelco 3x Lumifier Pocket Magnifier

To open the lens, simply press and hold the large release button. The lens will rotate out of the housing with a smooth hydraulic pivot action. Release the button when lens has rotated to desired position. It contains two super bright white LED lights; one follows the lens when it is opened and the second LED light functions as a flashlight when lens is in the stored position. Measures 1.7 x 5 x 0.9 inches. Requires two lithium CR2032 batteries (included).

Item	Power	Price
35-570288	3x	\$31.32

## ZELCO Lumifier Handstand

The Lumifier Handstand is an LED lit, optical grade 3x magnifying lens with a 5x "sweet spot" for fine detail work. It has a protective rubber body that is very comfortable to hold. If you need to free up your hands, flip out the metal leg and the Lumifier Handstand will stand on its own. The flexible neck allows the lens to bend to countless positions. Measures 4.2 x 9.75 x 0.8 inches. Requires 3 "AAA" batteries

Item	Power	Price
35-570286	3x	\$13.78
35-570287	5x	\$43.20

## 3x ZELCO FLX Tabletop Lumifier with 5x bifocal

This high quality, optical grade, 3x magnifying lens with a 4" diameter is ideal for both optical professionals during frame assembly, repair, or adjustment as well as for patients for reading, sewing, arts, and crafts. The base is weighted for stability and armored in rubber for protection. The soft touch switch illuminates the three super bright, cool white LED bulbs. Requires 4 "AA" batteries.

Item	Power	Price
35-570285	3x	\$52.92

## Round Illuminated Magnifiers

The combination of illumination, high magnification, and compact size makes this 4x magnifier an exceptionally useful aid to carry in one's pocket, briefcase or purse. It comes with a black plastic carrying case. Requires 2 "AA" batteries.

Item	Power	Lens Size	Price
35-328125	4x	1.75"	\$7.51
35-328225	5x	1.25"	\$7.51
35-328325	6x	1.00"	\$7.51

## ACCESSORIES

### 3x Designer Folding Reading Magnifier With LED Light

For patients who prefer rectangular magnifiers, this elegant LED is the right choice. Its easy-to-hold handle folds flat against the lightweight silver-tone frame, and fits neatly into its included protective pouch. Lens size measures 3.5" x 2.5". Includes one 'AAA' battery.

Item	Power	Lens Size	Price
35-454382	3x	2"x4"	\$26.95

### Classic Black Hand-Held Magnifiers

Lightweight black plastic frames with high quality aspheric lens.

Rectangle (Includes a protective case)

Item	Power	Lens Size	Price
35-5449	2.4x	4"x3"	\$61.06
35-5438	2.5x	3.3"x2.5	\$54.02
35-5432	3.5x	2.5"x2	\$39.85

Round (Includes a protective case)

Item	Power	Lens Size	Price
35-5460	5.4x	1.9"	\$42.89

COIL

Item	Power	Lens Size	Price
35-5442	2.8x	3.7"	\$61.06
35-5798	4.7x	2"	\$24.31

## LED-Illuminated Stand Magnifiers

Our LED magnifiers are high quality, affordable aids that makes looking at mail, images, books, etc. much easier. The lens is housed in an easy-to-operate handle that is designed to keep the lens in focus when the frame is resting on the book. This lens presents a large viewing area with the ability to tilt the lens toward you so you don't need to be directly over the lens to see clearly. The bulbs last approximately 10,000 hours. Requires 3 "AA" batteries.

Item	Power	Lens Size	Price
35-905104	3x	4"X3"	\$52.87
35-905106	3x	4"X2"	\$52.87

## Dial-a-Date Cases

\$2.99  
each

A dial on each lid allows patients to set a date to remind them when their disposable lens need to be replaced. For example: your patient wears biweekly disposable lens on March 7th. They would set the Left lid to "2" and the Right lid to "1" lid, indicating the 21st of the month

- Distinctive L and R markings on both of the lids and base ensure the lenses are correctly organized
- Soft rubber around the lids provides a smooth and slip-free grip to ensure easily opening and closing
- Anti-slip bottom base
- Leak-proof design features secure locking lids and base

99-264-2

A close-up photograph of a person in a white lab coat pouring a clear liquid from a beaker into a funnel that is placed over a round-bottom flask. The person's face is partially visible in the background, looking intently at the glassware. The scene is set in a laboratory environment with soft lighting.

# LENS CLEANERS

Keen on Clean

Whether you sell it, give it away, use it during assembly or dispensing, lens cleaner is an essential eyewear product. Our lens cleaner solutions are formulated with safe chemistry that provides efficient, streak-free cleaning and instant drying on all lenses and coatings. Our clever and unique packaging components embody quality lens cleaner. We weave our microfiber fabrics with the ideal blend of nylon and polyester to produce cleaning cloths that trap dust, absorb oils, and buff lenses to a brilliant shine. With our continuous expansion of lens cleaner and cloth options, OptiSource is truly committed to being Keen on Clean.

# Clear View Lens Cleaner

Clear View has been a trusted brand in premium lens cleaners for over twenty years. The mild formula is proven to be safe and effective on all lenses and coatings.

- Safe on AR coatings
- Anti-static
- Anti-streak

Gray Microfiber Cloth	33-LABCLOTHGRY

### Economy Cleaning Cloths

29¢  
each

This smaller, lighter-weight cloth is an economical alternative to our premium microfiber cloths.

- 3.5" x 7"
- Packaged 100 to a bag, one color per bag

Sky Blue Economy Cloth	33-ECONOSB
Green Economy Cloth	33-ECONOGN
Pink Economy Cloth	33-ECONOPI
Yellow Economy Cloth	33-ECONOYE

# Custom Imprinting Services

## Lens Cleaning Cloth Add-On Options

OptiSource offers the largest variety of customization and personalization for lens cleaning cloths. Our services are unique, affordable, and easy to use. We require low-quantity minimums and offer quick turnaround times. Our in-house art department works with all file types and can enhance your artwork to maximize printing quality.

- See previous page for our unique full color printed ExtremeVue Microfiber cloths

### One-Color Printing

Our customers' favorite printing option

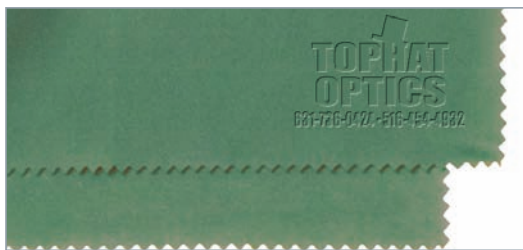

Personalize your cloths with your company's information. OptiSource specializes in personalizing any of our cloth offerings with your company's information, logo, marketing message, etc. One color printing is an efficient way to show off your company identity. 1,000 piece minimum.

### Two-Color Printing

Add a custom flair to your cloth printing

If your company logo is two colors, this printing option is a home run! Keep your brand consistent. Pick from any two colors to create a truly custom cloth. 1,000 piece minimum.

### Hot-Stamp Embossing

Create a unique look on cloths this year

Our hot-stamp embossing leaves a subtle engraved impression that separates your cloth from the rest! Embossing has an expensive look and feel and can match the look of designer eyeglass case embossing. 1,000 piece minimum.

### Plastic Carrying Case

Credit-card size carrying case keeps cloths clean and handy

This handy plastic carrying case keeps cloths free of dirt or dust that may collect in glove compartments, drawers, and purses. Perfect size for stashing in pockets and purses or for inserting a business card. 1,000 piece minimum.

Printing is done on the cloth, not the case.

### Hand-Stitched Edge

Custom stitching adds an elegant look to cloths

Looking for a way to add value and differentiate your cloth from the rest? Stitched edges are hand sewn and add a classy finish to standard zig-zag cloth edges. 1,000 piece minimum.

# Terms and Conditions

## Copyright and Trademark Information:

The materials contained in this catalog are copyright 2008 OptiSource International, Inc. You may not distribute, modify, transmit, reuse, report, or use the contents of the catalog for public or commercial purposes, with the exception of brief quotes in professional or trade publications. OptiSource is a registered trademark of OptiSource International, Inc. All trademarks appearing herein are acknowledged. The name of OptiSource International, Inc. or any of the trademarks or logos used herein may not be used in any manner without specific, written prior permission. You should assume that everything you see or read in this catalog is copyrighted or subject to trademark protection, unless otherwise noted, and may not be used except as provided in these Terms and Conditions without the written permission of OptiSource.

## General Information:

The information contained in this catalog is subject to change without notice. While OptiSource has used reasonable efforts to include accurate and up-to-date information, OptiSource makes no warranties or representations as to its accuracy. OptiSource assumes no liability or responsibility for any errors or omissions in the content. OptiSource may at any time revise these Terms and Conditions. You are bound by any such revisions. In the event a product is listed at an incorrect price or with incorrect information due to typographical error or error in pricing or product information received from our suppliers, OptiSource shall have the right to refuse or cancel any orders placed for product listed at the incorrect price. OptiSource shall have the right to refuse or cancel any such orders whether or not the order has been confirmed and your credit card charged. If your credit card has already been charged for the purchase and your order is canceled, OptiSource shall immediately issue a credit to your credit card account in the amount of the charge.

## Warranties:

Every third-party product you buy from OptiSource is backed first by the product manufacturer's warranty. OptiSource's 30-day limited warranty against defects may also apply. That warranty provides for either repair or replacement (at OptiSource's sole discretion) of merchandise confirmed as defective by either the manufacturer or OptiSource. We will assist customers whenever possible in gaining satisfaction with product manufacturers. No returns will be accepted when the manufacturer's or distributor's return policies supersede ours.

## Order Acceptance Policy:

All orders are accepted in accordance with the Terms and Conditions set forth herein. OptiSource reserves the right at any time after receipt of your order to accept or decline your order for any reason. OptiSource reserves the right at any time after receipt of your order, without prior notice to you, to supply less than the quantity you ordered of any item. All orders placed over USD \$2,000 must obtain credit pre-approval.

Following acceptance by Seller, orders are not subject to cancellation or modification, except upon written approval by Seller, and shall be subject to cancellation charges. OptiSource reserves the right to correct and amend any typographical errors.

All orders placed by the Buyer are binding. Buyer agrees that Buyer is wholly responsible for the actions of Buyer's employees, agents or representatives. If an employee of Buyer places an order unbeknownst to its management, Buyer is responsible for said person's actions, and Buyer assumes all responsibilities, whether authorized or not. Following written acceptance of or by signing for packages, Buyer agrees that Buyer authorized the purchase and accepts the terms and conditions of the sale with Seller. The Buyer's employee, agent or representative is acting on behalf of the Buyer, and by signing and receiving the package, the Buyer agrees to the Terms and Conditions of purchase and is responsible for payment of the merchandise.

Buyer is hereby notified that for the purposes of quality control, training, order and shipping accuracy, Seller may monitor agreements to purchase. This agreement is the policy of the Seller. This policy supersedes any arrangement the Buyer may have with a third-party billing or buying group. This policy is non-negotiable and cannot be modified or compromised at any time by anyone, including Seller's employees or any buying group.

## Limitations of Liability and Indemnity:

In no event shall OptiSource or any of its subsidiaries or affiliates be liable for any indirect, special, incidental or consequential damages, including but not limited to loss of use, loss of data, loss of business, or loss of profits. Some localities do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. Seller assumes no liability for damage and/or injury resulting from use or misuse of equipment or supplies supplied by Seller. In no event will Seller be liable for indirect or consequential damages whatsoever resulting from loss of use, data or profits arising out of, or in connection with, the use or misuse of Seller's product. Buyer agrees to indemnify and hold the Seller harmless for any expense or loss arising out of, or resulting from, the installation of said product by Buyer.

## Return of Product and Refused Shipments:

All return claims must be made within 30 days of receipt of goods. All returns must be authorized by OptiSource and accompanied by a Return Authorization number. Claims for damages and shortages must be made within 15 days of the date of delivery. All returns must be shipped freight prepaid by Buyer. Absolutely no returns will be accepted after 60 days of receipt of goods. All unauthorized returns will be refused by Seller. All authorized returns are subject to a restocking and transportation fee of 25% of the entire invoice in question, unless Buyer chooses to exchange for another comparable product. Any products omitted from returned package will automatically be billed at full price. All free items must be returned with original invoice. Returns are subject to Seller's prior inspection and analysis to verify that merchandise has not been mishandled, altered or contaminated in any way. All products returned to Seller due to refusal of acceptance by Buyer, without Seller's authorization, will be subject to a 25% restocking and transportation charge.

Special-design and custom-constructed or custom-formulated merchandise is not returnable. Contact customer service for return authorization at 1-800-OPTISOURCE (678-4768).
