Thank you to our loyal customers for making All Off
the most widely used marking ink remover.

WHY USE ANYTHING ELSE?

Screw it in, Snap it off

Patent Pending

Snapit
frame screws

This ingenious screw has changed the way repair and assembly work gets done around the world. Try it once and you'll agree – Why Use Anything Else?

- Extra-long feeder tab makes handling screws a cinch and snaps off cleanly with just your fingers
- No more clipping or filing of cut screws means no more damaged frames or lenses
- Cuts assembly and repair time in half – guaranteed
- Self aligns all hinge and eyewire barrels
- Self taps stripped threads
- Includes Stay Tight thread lock

OptiSource International Corporate Profile

OptiSource International, Inc. is among the world leaders in optical supplies, serving opticians, optometrists and wholesale laboratories. OptiSource provides for all your optical needs with a network of premier products ranging from the award-winning ALL OFF Marking Ink Remover to micro-fiber lens cleaning cloths, edging equipment, eye charts and eyewear accessories.

Founded in 1994 by President Joseph Ialacci and Vice President Daryl Squicciarini, the original organization, Nu-Chem Laboratories, began as a five-product company. Since then, Nu-Chem has acquired Hunter Delatour, CaseCraft Cases and LensCleaner.com. As Nu-Chem continued to grow, these vastly different companies and products were brought under one corporate brand: OptiSource.

OptiSource is now one of the world's largest optical supply resources, with over 7,000 products in eight distinct product divisions. Whether you contact us by phone or Internet, our mission is to provide unparalleled selection, convenience and expertise.

Corporate Headquarters in Bellport, New York

What they're saying about OptiSource...

"OptiSource's representatives really take the time to LISTEN to what's going on around here so I get the right products the first time. The lens cleaning kits are SUPER; the customers really like them. I am so grateful for their help in staying on top of everything we need. Thanks again!"

**- Ceena Eigenman, Diamond Eyecare
Jefferson City, MO**

"I have purchased many items over the years from OptiSource International. Not only does OptiSource provide fast shipping, but the quality of the items are always of the highest caliber. Their staff is knowledgeable and extremely helpful, constantly informing me at trade shows of new products that help my lab run more efficiently. I always recommend them to all my friends."

**- Patrick Devlyn, Jr., Director General
Centro de Servicio Devlyn, Mexico City, Mexico**

"OptiSource is my most valued supplier. They put the customer first and do whatever it takes to get me product quickly, especially in a crisis. There need to be more people in this industry like the folks at OptiSource, who take pride in their work and enjoy what they do."

**- Kay Clemons, Human Resources Coordinator/Purchasing Agent
Essilor USA, Tampa, FL**

"As one of the largest independent wholesale labs in the country, we use OptiSource's ALL OFF Ink Marking Remover in our lab and highly recommend this product to our accounts. We are also pleased with the results from other OptiSource products."

**- Barb Cobb, Buyer
Pech Optical Corp., Sioux City, IA**

Our Relationships

Anyone can provide you with optical supplies. Anyone can say they will give you great service. But no supplier will get to know your business like OptiSource. We care so much about your business because it is our goal to make your job easier. By doing so, we earn

the privilege of becoming your vendor-partner, not just a supplier. It is the personal service, attention to detail and going beyond what is expected of us that sets OptiSource apart.

Each customer is assigned to a dedicated customer care representative who will forge a trusting relationship and learn your product needs. Customers use our representatives to learn about new product information, shop, compare and locate hard-to-find items. This same representative will help with package tracking, accounting and technical questions. With the help of our intuitive computer system, we are able to alert you when you may be reaching dangerously low inventory levels of must-have processing supplies and consumables.

Call today and join the thousands of loyal customers who have come to rely on and appreciate our expertise.

Sincerely,

The Entire Staff at OptiSource International

Ultra Kote UV

Scratch Coating and UV Protection in One Easy Step

Combine UV and scratch-coat protection into one simple process with no baking or curing required. Just dip and rinse... it's that easy! Makes 1 quart.

- UV and scratch-coat combination in 2 minutes
- Produces a clear, UV-protected lens with improved scratch resistance
- AR-compatible
- Drain-safe, biodegradable
- Protection to 400 nm

Item	Unit	Code	List Price
Ultra Kote UV w/ Scratch Coat	8 oz.	99-UKUV	\$79.99

Clean & Clear Ultra Kote UV

Provides Clear Lenses and a Clump-Free UV Bath

Totally crystal-free UV formula. This non-clumping UV bath helps the UV run cleaner in the pan and look clearer on the lens. Makes 1 quart.

- UV with scratch-coat combination
- Lasts longer and reduces crystals
- AR-compatible
- Drain-safe, biodegradable
- Fast 3-minute treating time
- Protection to 400 nm

Item	Unit	Code	List Price
Clean & Clear Ultra Kote UV with Scratch Coat	8 oz.	99-CCUKUV	\$79.99

No Yellow Ultra Kote UV

Virtually No Yellowing While Providing Improved Lens Hardness

Guaranteed to provide 100% UV protection up to 400 nm with virtually no yellowing. Makes 1 quart.

- UV with scratch-coat combination
- AR-compatible
- Special no-boil properties; perfect for high altitudes
- Fast 3-minute treating time
- Protection to 400 nm
- Drain-safe, biodegradable

Item	Unit	Code	List Price
No Yellow Ultra Kote UV with Scratch Coat	8 oz.	99-UKUVNY	\$79.99

Clear Eclipse UV

Our Customers' Favorite UV Provides Fast-Acting Absorption and Clear Lenses!

Clear Eclipse is powderless! The most advanced all-around UV formula available today...a non-clumping, fast-acting solution that is compatible with today's high-tech coatings. Make Clear Eclipse your favorite UV by calling today. Makes 1 quart.

- AR-compatible, odorless and non-yellowing
- Works in 60 seconds
- Drain-safe, biodegradable
- Blocks 100% of UVA and UVB to 400 nm
- The fastest and longest-lasting UV you will ever find

Item	Unit	Code	List Price
Clear Eclipse UV	8 oz.	99-CEUV	\$69.99

No Yellow UV

Clear UV and No-Boil Properties

Guaranteed to provide 100% UV protection up to 400 nm with virtually no yellowing. Makes 1 quart.

- AR-compatible
- Special no-boil properties; perfect for high altitudes
- Also available with built-in scratch coat
- Fast 3-minute treating time
- Drain-safe, biodegradable
- Protection to 400 nm

Item	Unit	Code	List Price
No Yellow UV	8 oz.	99-CEUVNY	\$69.99

Clean & Clear UV

Non-Crystallizing Formula Stays Clean in the Pan...and Clear on the Lens

This UV will not clump or crystallize in the pan. Eliminates popping and spattering for a safer work area. Rinses clean to produce incredibly clear lenses. Makes 1 quart.

- Powderless in the bottle, powderless in the pan
- NO CRYSTALLIZING!
- AR-compatible
- Fast 3-minute treating time
- Available with scratch coat built-in
- Drain-safe; biodegradable
- Protection to 400 nm

Item	Unit	Code	List Price
Clean & Clear UV	8 oz.	99-CCUV	\$69.99

Milky Way UV

**Break-Through White UV Can Never Yellow Lenses,
Even After AR Treatment**

The answer is Milky Way, the world's only white UV solution – now available to all optical professionals. This special white formula is 100% clearer than any other UV. Guaranteed to be the clearest UV you've ever used or your money back. Makes 1 quart.

- AR-compatible – will not yellow, even after lens is AR coated
- Unique white UV formula makes it impossible to yellow any lens
- No-yellow guarantee...even if treated for hours
- Provides 100% protection at 380 nm

Item	Unit	Code	List Price
Milky Way UV	8 oz.	99-MWUV	\$69.99

HD UV Shield*

**Solvent-Free Formula is Safe,
Effective and Easy to Use**

For over 30 years, this UV formula has had a proven track record of safety and success. If you have chemical or allergy sensitivity this is the solution for you. Makes 1 quart.

*Previously Hunter Delatour UV Shield

- Available in UV-only or UV-scratch coat combination
- Odorless formula
- Safe on all lenses and coatings
- Protection to 400 nm

Item	Unit	Code	List Price
HD UV Shield	8 oz.	99-HDUV	\$59.99
HD UV Shield w/ Scratch Coat	8 oz.	99-HDUVS	\$69.99

Dry UV Packet

**If Space and Shipping Costs
Are a Problem, We've Got the Solution**

OptiSource provides an alternative to the premixed bottles that take up your precious shelf space. Each easy-to-use self-dissolving packet contains enough powdered formula to produce one quart of UV solution.

- Simply drop into water and the packet instantly dissolves
- Shipped in dry form; just add water
- Treats lenses within 5 minutes
- Solvent-free
- Easy to store and inexpensive to ship
- Protection to 400 nm

Item	Unit	Code	List Price
Dry UV Packet	1 packet	99-DUV	\$39.99

CR-39 Nu-Tralizer

No More Waiting for Lenses to Lighten Up. Get Results...Fast!

Rapidly remove tint from CR-39 and high-index materials. Stubborn or old lenses are no problem. CR-39 Nu-Tralizer will get the color out.

- Unique self-cleaning formula
- Change less often; save money!
- 21% faster than any other neutralizer
- Takes color out of lenses that other neutralizers can't
- Drain-safe, biodegradable

Item	Unit	Code	List Price
CR-39 Nu-Tralizer	Gallon	99-CR	\$69.99
CR-39 Nu-Tralizer	Quart	99-CRQ	\$24.99

Water Based Nu-Tralizer

Water Based Nu-Tralizer is our safest solution for tint removal. Feel confident using it on all lenses and coatings.

- 8 oz. concentrate (Makes 1 quart)
- Mixes with water
- Removes color from any lenses/coatings
- Drain-safe, biodegradable

Item	Unit	Code	List Price
Water Based Nu-Tralizer	8 oz.	99-NUTH2O	\$11.99

Nu-Tralizer

Safely Remove Tint From Every Type of Lens. Never Ruin Another Job!

An odorless neutralizing compound that reduces and removes tint from CR-39, high-index and polycarbonate lens materials without compromising any hard coatings.

- Poly safe!
- Performs well on all CR-39, high-index and poly lenses
- Safe against streaking and crazing on all lens coatings
- Odorless
- Irritant-free
- Drain-safe, biodegradable

Item	Unit	Code	List Price
Nu-Tralizer	Gallon	99-NUT	\$69.99
Nu-Tralizer	Quart	99-NQ	\$24.99

Heat Transfer Fluid

Try the HTF That Won the OAA Environmental Award of Excellence

- Proprietary corrosion inhibitors protect machinery and heating element
- Self-cleans with special dye neutralizers – fluid stays clean longer
- 100% odorless – a pleasure to use
- Drain-safe, biodegradable... easy to dispose of
- Slow evaporation rate conserves fluid to reduce refill costs

Our HTF is completely odorless and biodegradable, making it safe for the user and the environment. Plus, it prolongs the life of your tint machine with its corrosion-inhibitor chemistry. Use the HTF that won the Opticians Association of America Award of Excellence.

Change HTF every 6 months for optimal performance.

Item	Unit	Code	List Price
Heat Transfer Fluid	Gallon	99-HTF	\$69.99
Heat Transfer Fluid	Quart	99-HTFQ	\$24.99

AR Remover

Quickly Remove Unwanted or Faulty AR Coatings While Patients Wait!

AR Remover Kit

Recommended for CR-39 lenses only. Kit includes everything you need to remove AR coatings in your office or lab.

Includes:

- AR Remover Chemical
- Chemical-resistant gloves
- Basin with resealable lid
- Tongs
- Safety Goggles

AR Remover Refill*

Save time and improve service. In just 10 seconds, you can remove most AR coatings and have your patients on their way. Never send your valuable customers away without their glasses again!

* Must be used with our AR remover kit.

- No special machinery needed
- Cold-dip process
- Service patients while they wait

Item	Unit	Code	List Price
AR Remover Kit	8 oz. Kit	99-ARK	\$69.99
AR Remover	8 oz.	99-AR	\$59.99
AR Remover	Quart	99-ARQ	\$99.99

Lab Fresh

No More Chemical Odors in Your Lab

Do you dislike the odors associated with lab chemicals? Our scented solution will mask the worst chemical smells with fresh, light aromas.

- A few drops does it all
- Pina Colada scent available
- Covers up and neutralizes all chemical odors

Item	Unit	Code	List Price
Pina Colada Fragrance	8 oz.	99-PCF	\$19.99

Nu-Kote Scratch Coat

Improve Scratch Resistance in Just Seconds Right in Your Tint Unit

This revolutionary hot-dip scratch coating is applied just like tint. Nu-Kote bonds within the pores of the lens, making the surface harder and more difficult to scratch.

- Improve lens hardness in seconds
- Easy to use; no special machinery necessary
- Biodegradable
- Simply pour in your tint pan, heat, treat lenses...and you're done!

Item	Unit	Code	List Price
Nu-Kote Scratch Coat	Gallon	99-SK	\$59.99
Nu-Kote Scratch Coat	Quart	99-SKQ	\$19.99

Substitone

The Safe Alternative to Acetone

Substitone is the safe acetone replacement that eliminates irritating chemicals and fumes. Use it any time you would normally use acetone, and forget about health concerns.

- Safely removes progressive ink markings
- Safe for most lenses
- Odorless

Item	Unit	Code	List Price
Substitone	Gallon	99-SUB	\$59.99
Substitone	Quart	99-SUBQ	\$19.99

Cold Dip Scratch Protectant

Provides a Super-Slick, Anti-Static Coating Without Heating or Baking

It's much harder to scratch lenses when dirt, dust and debris won't stick! Use at room temperature and save your valuable tint unit space. No heating or special machinery necessary.

- Simple dip-and-rinse process at room temperature
- Instantly applies a super-slick coating
- No baking or curing required

Item	Unit	Code	List Price
Cold Dip Scratch Kote	Quart	99-HDCDSK	\$59.99

The Original All Off Marking Ink Remover

**Remove the Most Stubborn
Progressive Ink Markings in Just 3 Seconds Flat!**

Instantly dissolve and remove any progressive ink marking with the industry's most widely used solution. All Off Marking Ink Remover is the winner of the Optical Laboratories Association Award of Excellence. It is safer than acetone and will never ruin polycarbonate lenses. It is used by more labs than any other marking ink remover in the world. All Off is the industry standard for ink removal.

- Acetone-free and safe on polycarbonate lenses
- Improves lab safety and efficiency
- Reduces lens re-makes
- No scrubbing; eliminates unwanted micro scratches
- Dries instantly; no oily residue
- Also effective as an all-around lens cleaner and final cleanser for AR-coating prep

Easily Erase Progressive Ink Markings with Our Handy All Off Pen

The unique valve-action mechanism dispenses ALL OFF to the ink-absorbing tip. Simply press down and rub away the most stubborn ink markings in just seconds. Enjoy our best selling All Off progressive marking ink remover in this easy-to-use pen.

Color Stabilized Lens Dyes

Our Long-Lasting Dyes Provide Bright and Consistent Colors

OptiSource is a leader in the optical tinting industry, using cutting-edge technology to produce chemically superior dyes. The use of dye stabilizing chemistry produces fast absorbing dyes that provide consistent colors from bottle to bottle and lens to lens. OptiSource's top performing dyes are available in 4 oz. concentrated bottles. Our super-concentrated dyes are both non-toxic and biodegradable.

- Drain-safe, biodegradable
- 20% faster treating times
- Consistent no-shift colors
- Minimizes color corrections

Dye-Master 9 Water-Based Tint System

**High-Performance, High-Production Tinting
is Now Yours...
Without the Mess or High Cost!**

- Nine 1-quart pans
- 110 Volt
- Made of 100% heavy-gauge stainless steel
- Temperature accuracy to 1° Centigrade
- Save \$100's in HTF costs
- Proven 30-year history of quality and reliability
- Dimensions: 23" x 14"x 15"

Latex Gloves

Natural Rubber Latex

No other glove feels and fits like natural rubber latex. Gloves offer a perfect combination of strength, tactile sensitivity, barrier protection and comfort. This product contains rubber latex which may cause allergic reactions in some individuals.

Gloves measure:
4.8 mil (.0048") thick in the palm,
8.4 mil (.0084") thick in the finger
and 3.6 mil (.0036") thick in the cuff.

- Powder-Free
- Box of 100

Item	Unit	Code	List Price
Large Powder-Free Latex Gloves	Box of 100	99-LGL	\$9.99
Small Powder-Free Latex Gloves	Box of 100	99-LGS	\$9.99

Nitrile Gloves

Multi-Layer, Hypoallergenic

Nitrile gloves offer better tactile sensitivity, comfort, dexterity and puncture resistance than both rubber and vinyl. These powder-free gloves are made stronger through a manufacturing process called fusion bonding. Fusion bonding integrates synthetic polymers into the material to create a multi-layered glove for enhanced protection.

Gloves measure:
5 mil (.005") thick in the palm and fingers
and 9.5" in length.

- Powder-Free
- Box of 100

Item	Unit	Code	List Price
Large Powder-Free Nitrile Gloves	Box of 100	99-NGL	\$12.99
Small Powder-Free Nitrile Gloves	Box of 100	99-NGS	\$12.99

Lens Prep

**Improve Tinting Speed and Consistency
With No Additional Work**

Simply dip your lenses into Lens Prep for 30 seconds, then put them right into the dye for an amazing improvement. Lens Prep cleans and pre-heats the lens. The open pores on preheated lenses quickly and evenly absorb dye and UV. Can also be used cold.

- Pre-heats and cleans the lens
- Reduces tinting and UV treating times
- Improves tinting consistency

Item	Unit	Code	List Price
Lens Prep	Gallon	99-LPG	\$59.99
Lens Prep	Quart	99-LPQ	\$19.99

Cleaning Alcohols

**A Lab Staple Conveniently
Delivered to Your Door!**

Add these alcohols onto your existing order to avoid needless and frequent trips to the store.

- Fast-evaporating and easy-to-use
- Convenient one-stop shopping

OptiSource Gradient System

Dual-Cam Dipping Provides Smooth, No-Line Gradients

The Mechanical Gradient System stands up to the toughest environments. Dual-cam dipping allows for stable, non-repeating strokes that eliminates hard lines. Telescoping arm and weighted base allows the mechanical gradient to be used with any tint system.

- 4-stroke gradient
- Achieve soft gradients with the turn of a knob!
- Easy-to-use dipping mechanism: set it and forget it!

Power: 115V / 10W

Weight: 8 pounds

Dimensions (W x H x D): 6" x 18.5" x 6"

MultiMeter

All-In-One

UV Meter, Photochromic Demonstrator and Visible Light Meter

OptiSource International has developed a first-of-its-kind, multifunctional digital UV meter. The single unit works as a UV Spectrophotometer, Photochromic Lens Demonstrator and Visible Light Meter. In just seconds it will activate Transitions® or any other brand photochromic lenses. It will also measure UV transmittance of any lens and visible light transmittance of colored lenses.

The MultiMeter gives any practice the ability to demonstrate how photochromic lenses will look when exposed to sunlight without having to walk outside. Then, practitioners can show patients a digital UV reading and explain the benefits of UV blocking properties. For hard-to-match tint jobs, the MultiMeter offers a precise visible light reading to easily duplicate tint densities.

The MultiMeter's versatility makes it a must-have selling tool for any eyecare professional.

- Digital UV readings
- Activate photochromic lenses in seconds
- Great for matching tint density
- 110 Volt

Dimensions (W x H x D):
6.75" x 6.75" x 10"

The OptiSource Micro-PAL Identifier™

The Micro-PAL is an extremely compact, reliable PAL identifier. Now you can easily view etchings of any PAL manufacturer. The battery operated, super-bright LED light makes it simple to read reference points, add-power, manufacturer, lens model and material markings. It's great for identifying a patient's current lens, marking lenses or for finding test points; regardless of the age of the lens, scratches, tint or coatings. Also use the Micro-PAL Identifier™ during final inspection to clearly see blemishes or imperfections.

- Super-bright LED light makes it simple and quick to read and adjust markings.
- For use with individual lenses or assembled eyewear.
- Engravings can be recognized on both sides of the lens.
- Small and compact size allows you to place anywhere.
- Battery operated.

Dimensions (W x H x D):
3.25" x 9" x 7"

Item	Code	List Price

Deluxe Digital Pupilometer

Classic Design with Today's Technology

Power: Uses 2 AA batteries

Weight: 1.5 pounds

Dimensions (W x H x D): 6.5" x 2.5" x 8.75"

This classic design includes all of today's technology to make it our best pupilometer ever. The new Calibration Reference Marks allow for recalibration if the unit is dropped or mishandled to ensure precise measurements. The durable finish will not chip or fade and is washable. The adjustable LED light source makes reading easy and allows for extra-long battery life.

- Adjustable LED light source
- Auto shut off feature is adjustable between 30 seconds and 3 minutes
- Range of focal distance from 30cm to infinity
- Range of measurement from 45 to 82mm binocular PD, 22.5 to 41mm monocular PD
- Graduations in .5mm steps

Item	Code	List Price
Deluxe Digital Pupilometer	32-PDMETERDLUX	\$459.99

Standard Digital Pupilometer

Ergonomic Design for Both Patient and Professional

Power: Uses 4 AA batteries

Weight: 1.5 pounds

Dimensions (W x H x D): 6" x 2" x 8.75"

This quality digital pupilometer's ergonomic design will give you years of reliable, accurate service. It features a large, easy to read LED display that calculates individual and total PD, smooth slider switches and an illuminated focal point.

- Ergo design is comfortable and functional
- Easy to read display
- Range of focal distance from 30cm to infinity
- Range of measurement from 48 to 77mm binocular PD, 24 to 38.5mm monocular PD
- Graduations in .5mm steps

SecurEdge Plus LSE Pads

Crimson King Blocking Pads

IFP (Intermediary Film Pads)

Retruing Service

OptiSource Blocking Pads

Available in Rolls of:
1,000

SecurEdge Plus LSE Hydrophobic Blocking Pads

SecurEdge Plus LSE (Low Surface Energy) pad uses a “dual-adhesive” system: One side of the pad has a high-tech LSE adhesive that bonds to the AR coating, while the other side of the pad firmly grips the block.

- Hydrophobic/Oleophobic AR-coated specific blocking pad
- Special dual adhesive for lens side/block side

Available in Rolls of:
1,000 and 2,000

SecurEdge Award Winning Blocking Pads

SecurEdge Blocking Pads from OptiSource have a unique foam substrate and proprietary adhesive. They provide dependable torque resistance on most jobs.

- Efficient all around blocking pad
- Recommended for hard-coated and standard AR lenses

Available in Rolls of:
1,000

OptiSource Blue Economical Pads

OptiSource economy Blocking Pads combine a thicker foam pad material with a proprietary adhesive. These blue pads have provided reliable performance for over a decade.

- Excellent adhesion and torque resistance
- Affordable, quality pads

OptiSource Blocking Pads

Crimson King

World Famous, Best Selling Edging Pad

The Crimson King blocking pad is our world-famous, best-selling edge blocking pad. The pad material is constructed with a reinforced technology that resists high rotational forces and defies tearing. The modified acrylic adhesive bonds securely to all hard coated, standard AR coated and many hydrophobic AR coated lenses, then removes easily and cleanly.

Available in Rolls of:
1,000 and 2,000

- Reinforced foam substrate
- Recommended for hard-coated, standard AR and many hydrophobic AR lenses

Cobalt King

An Innovative Top Performing Pad

The Cobalt King is our latest blocking pad innovation that combines both value and performance. You will find that the thin pad design has incredible shear strength that allows it to easily conform to any base lens and block. It will also resist torque to prevent slippage on hard coated and standard AR coated work. The adhesive system provides the ideal level of tack for both wet or dry edging, then removes cleanly without leaving any ghosting or residue behind.

Available in Rolls of:
250 and 1,000

- Combines value and performance
- Recommended for hard-coated and standard AR lenses

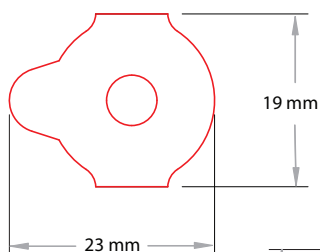

OptiSource Blocking Pad Shapes

OptiSource manufactures and distributes one of the largest selections of pad shapes and materials in the industry. And, we make it easy for you to select the right blocking pad for the right job. Simply select the shape that most closely matches your edging block's shape and size. Then select a material that best suits the level of work you are doing. Lastly, select the quantity of pads needed.

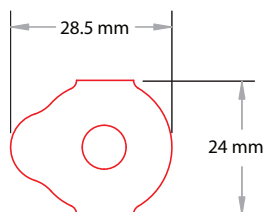

* Images shown are not actual size of pad.

3M Leap Pads

Round

3M Leap Pads are specially designed to meet all your edging needs. Use the 24 mm round pads for general edging and the 26 mm round pads with Weco blocks.

Half-Eye

These innovative pads offer the proper size blocking pad for half-eyes and frames with shallow B measurements.

Square

3M Leap Pads offer superior adhesion. They have two to three times the torque resistance of most blocking pads.

Oblong Nidek

Specifically Designed for New Nidek Blocks

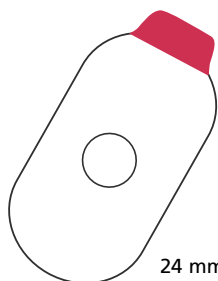

If you have a new Nidek/Santinelli blocking system, these are the pads for you. The perfect pad for the perfect fit on Nidek blocks.

Item	Pads/Roll	Code	List Price
3M-1695 Round Leap III	2,000	08-3M1695	\$99.99

3M Anti-Slip Discs

Anti-Slip Discs For Hydrophobic Lenses

24 mm x 44 mm

These clear film discs are the 3M solution to reduce slippage on hydrophobic coated lenses.

- Reduces slippage while edging hydrophobic coated lenses

Item	Pads/Roll	Code	List Price
3M-1705 Anti-Slip Disc	500	08-3M1705	\$69.99

3M Lens Protector

Protect Your Lenses During Edging

35 mm

3M Blue Chip Lens Protector tape adheres to the center of the lens to protect against slippage and scratching from blocks and chucks. The transparent tape removes cleanly after use.

- For scratch protection from blocks
- Optimizes slippage protection
- Ideal for all lenses

Item	Pads/Roll	Code	List Price
3M-1647 Blue Chip Lens Protector	2,000	08-3M1647	\$49.99

Intermediary Film Pads

The "Riki" Pad

The unique adhesive on the Riki Pad bonds so effectively because it was created by the makers of hydrophobic coatings.

- Top-performing pad adheres to all slick top coatings

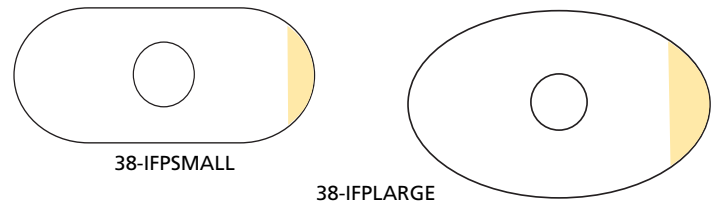

Riki film of 100 Pads (50 sheets of 2)
25 x 39 mm

Riki Roll of 2,000 Riki Pads
25 x 39 mm

Item	Pads/Roll	Code	List Price
Riki Pad	100	38-RIKIFILM	\$ 49.99
Riki Roll	2,000	38-RIKIROLL	\$679.99

OptiSource (IFP)

OptiSource's own IFPs provide a lower-cost alternative to the Riki Pad, and they feature an easy-lift tab for quick removal.

- Use with OptiSource Blocking Pads to help eliminate slippage while edging hydrophobic jobs
- Features easy-lift tab
- Roll of 1,000
- Small = 18 x 40 mm
- Large = 28 x 40 mm

Item	Pads/Roll	Code	List Price
IFP Small 18 x 40 mm	1,000	38-IFPSMALL	\$199.99
IFP Large 28 x 40 mm	1,000	38-IFPLARGE	\$199.99

Hydrophobic Blocking Pads

Riki 16 Blocking Pad

- Riki 16 hydrophobic blocking pad
- Converted for automatic blockers
- Combines the success of Riki pads with a premium blocking pad
- 18 x 35 mm
- Roll of 1,000

Item	Pads/Roll	Code	List Price
Riki 16 Blocking Pad	1,000	38-RIKI16PAD	\$399.99

Hydro-Tech

A Cost Effective Alternative to the Riki-16 Blocking Pad

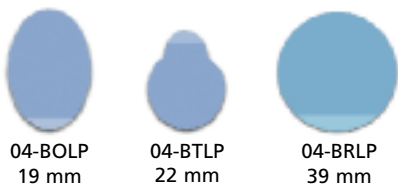

These clear film discs are the solution to reduce slippage on hydrophobic coated lenses.

- Configured for automated edge blocking
- Use on super hydrophobic coated lenses

Item	Pads/Roll	Code	List Price
Hydro-Tech	1	79-HYDROTECH	\$299.99

Edging Wheels

Our wheels perform well in every brand and style of edger, with any lens material, and for every purpose. We carry hundreds of roughing, finishing, beveling and hand-edging wheels.

Roughing Wheels

All of our roughing wheels for polycarbonate, plastic and high-index are made with our proprietary brazing alloy. The alloy results in aggressive cutting action and longer life than the OEM. Our roughing wheels for glass lenses are manufactured to have a long life and provide smooth finishes while increasing machine production.

Finishing Wheels

All of our finishing wheels are made to exact specifications for most edging machines. Special orders or special profiles can also be custom-manufactured. Simply give us the make and model of your edger and/or the numbers off the wheel. It's as simple as that!

Polishing Wheels

The high luster seen after using our polishing wheels cannot be beat.

Hand Edger Wheels

OptiSource hand edger wheels are constructed to provide accurate beveling and easy touch-up work.

Matched Wheel Sets

Two-wheel sets include a finishing wheel and a polishing wheel so you can keep your wheel differential the same. Purchasing a set will reduce downtime by requiring less calibration.

Set Consists of One Finishing Wheel and One Polishing Wheel

OptiSource Surfacing Tape

Spin-On

UV Curable Backside Spin Coating

Is your lab overpaying for UV curable backside coating? Spin-On delivers guaranteed superior performance at a significant savings. Its solvent free formula is both safe and effective.

- Instantly compatible in all standard spin coater machines
- Superior scratch resistance and tintability
- Excellent adhesion to AR
- Compatible on all plastic materials

Item	Unit	Code	List Price
Spin-On	4oz.	99-SPINON	\$399.99

Blocking Wax

For All Wax Surface Blocking Systems

Our blocking wax melts more easily and is less brittle than other brands. Reuse it over and over.

- Releases from block as a solid piece
- Premium blocking wax

Item	Unit	Code	List Price
Blue Blocking Wax	1 lb.	04-WAXBL	\$17.99
Green Blocking Wax	1 lb.	04-WAXGR	\$17.99

Alloy

Pure Alloy Available in Different Melting Grades

Available in 117°F melting point. Works in all blocking machines.

- Premium grade
- Reusable
- Firm blocking and easy removal

Item	Unit	Code	List Price
117° Alloy	1 lb. Bar	23-A117-1LB	Call for pricing

Plastic Fiberlite Laps

Precision-Molded From Aeronautical Material

High-quality plastic laps will not warp over time. They do not produce dangerous fumes or odors when cut and allow for faster machining.

- Can be cut on most 3-axis generators
- Engineered for superior curves and workmanship
- "Pad-friendly"

Item	Unit	Code	List Price
Plano	Each	06-DV-MAPSF	\$7.99
2-Base Semi-Finished	Each	06-DF-MA2SF	\$7.99

Coater Bulbs

OptiSource offers value priced replacement OEM bulbs for your coating equipment! Just let us know the make and model of your equipment to get started. Then provide any of the following additional information for the most up to date, highest quality replacement bulb:

- Description of the bulb
- Arc length
- WPI (watts per inch)
- Type of ends

Call for details: 1-800-OptiSource

Chem Tempering Salts

Pure salts for tempering your glass lenses.

- 2-hour fast photochromic salt
- 16-hour photochromic salt
- 16-hour white crown/fixed-tint salt

Item	Unit	Code	List Price
2-Hour Photochromic	10 lb. bag	27-PHOTO2	\$59.99
16-Hour Photochromic	10 lb. bag	27-PHOTO16	\$59.99
16-Hour Crown	10 lb. bag	27-CROWN16	\$59.99

Fining and Polishing Pads

DAC Vision and Gerber Coburn Surfacing Pads

We proudly distribute for DAC Vision and Gerber Coburn. Now you can order your favorite surfacing consumable supplies on the same order as your OptiSource items. Most orders ship the same day by UPS or truck. Call our knowledgeable customer service representatives to get a DAC or Coburn equivalent for other manufacturer's fining or polish pads.

Crystal Plus II

Guaranteed Not to Hard-Pack

Precision aluminum oxide polishing compound works equally well on plastic, polycarbonate and high-index lenses

- Best polish for AR lenses

Baume = 22.5 - 24.5° | Particle Size = 1.1 micron

Item	Unit	Code	List Price
Crystal Plus 2002	1 Gallon	06-DST6088G	\$37.99
Crystal Plus 2002	5 Gallons	06-DST60885	\$174.99

New Horizon

Uniquely Designed For Use on Plastic, Polycarbonate and High-Index Lenses

Suspension system provides rapid polishing and long slurry life. Provides a finished lens surface for AR-coating acceptance. Ideal for labs that change polish on a weekly basis.

- Available in 1-gallon and 5-gallon sizes
- Proven performer for 15 years

Baume = 23 - 25° | Particle Size = 1.7 micron

Item	Unit	Code	List Price
New Horizon	1 Gallon	06-DST6090G	\$34.99
New Horizon	5 Gallons	06-DST60905	\$149.99

New Americal Plus

The Longest Lasting Polish

This precision polish is ideal for labs processing high volumes of polycarbonate. Also works great on high-index and plastic lenses.

- Rapidly removes stock on all lenses, regardless of curvature
- Excellent for hard resin, polycarbonate and high-index lenses
- Ideal for AR and hard coatings
- pH 3.6

Baume = 25 - 30° | Particle Size = 1.2 - 1.7 micron

Item	Unit	Code	List Price
New Americal Plus	1 Gallon	99-AMERICALPOL	\$39.99
New Americal Plus	5 Gallons	99-AMERICALPOL5	\$169.99

OptiSource Premium Polish Family

Polish All Lens Polish

Economical Polish Works Well Under All Conditions

Aggressive polish works well under all conditions at the most economical price.

- 1.7 micron particle size
- 23 - 25° Baume
- Econo-formula

Item	Unit	Code	List Price
Polish All Lens Polish	Gallon	50-PA	\$29.99

Clarity Plus Lens Polish

Premium Lens Polish

For use on all plastic materials. Recommended for use with AR jobs.

- 1.1 micron particle size
- 23° Baume
- Premium polish
- Best for polycarbonate polishing

Item	Unit	Code	List Price
Clarity Plus Lens Polish	Gallon	50-CPP	\$39.99

HA-1 Lens Polish

Universal Lens Polish

Thinner viscosity makes it very user-friendly in all systems. Will not cake up and flows easily.

- 2.0 micron particle size
- 24° Baume
- Universal formula is simple to use

Item	Unit	Code	List Price
HA-1 Lens Polish	Gallon	50-HA1	\$39.99

3M Clear Surface Tape

Clear Protective Tape For Non-Alloy Blocking

This linerless tape can be used when surfacing all types of lenses, including polycarbonate, high-index and glass. While protecting against scratches, the tape also keeps the lens surface free of contamination. 3M Clear Surface Tape shields the lens from wax, oil and other contaminants that interfere with the uniformity and adhesion of surface coatings.

- Linerless tape
- 4" x 72 yards

Item	Unit	Code	List Price
3M Clear Surface Tape	Roll	08-3M1663	\$64.99

3M Surface Saver II Tape

Save Your Surfaces and Protect Your Investment

The 3M Surface Saver II tape offers two deblocking levels: high and medium. Each tape level conforms to all types of lens styles and base curves.

- Clean tape removal
- Preserves progressive markings for accurate alignment, processing, inspection and dispensing
- 4" x 36 yards

3M1641 for medium-temperature alloy blocking

3M1640 for high-temperature alloy blocking

Item	Unit	Code	List Price
3M1641	Roll	08-3M1641	\$34.99
3M1640	Roll	08-3M1640	\$34.99

OptiSource Clear Surface Tape

Economical Tape For All Wax Blocking Systems

Tape protects the front side of lens from scratching and heat during surfacing. Ideal for wax systems. Removes easily and cleanly. Economically priced to protect your expensive lens investment. Clear color makes marks very easy to read and inspect.

- Clear tape makes for easy layout
- 4" x 36 yards

Item	Unit	Code	List Price
Clear Surface Tape	Roll	51-SSTC	\$29.99

OptiSource Surface Protection Tape

Flawless Adhesion and Clean Release

OptiSource Surface Tape protects the front side of the lens from scratching and heat during surfacing. Transparent blue tape makes marks very easy to read. Fits into all surface tape applicators.

- For plastic lens applications
- Economically priced
- 4" x 36 yards

Item	Unit	Code	List Price
OptiSource Surface Tape	1 Roll	51-SST	\$29.99

Surface Saver Blades

Keeps surface tape cuts clean and precise.

- Sold in packs of 5
- Razor sharp

3M Surface Saver Knife Blade Handle

For use with 3M Surface Saver knife blades.

Item	Unit	Code	List Price
Surface Saver Blades	5-Pack	08-3M9944	\$79.99
Surface Blade Handle	1	08-99442	\$14.99

Cerium CERI-GUARD 600 Linerless Surface Tape

This premium linerless surface tape is specially formulated to give extra heat reflection and surface protection while conforming to all lens surfaces including deep curves, lentics and executives. It is recommended for CR-39 and Hi-Index lenses with an alloy temperature of 117 degrees F. In addition, it has the added benefit of having no paper liner to roll up or dispose of.

- Blue, linerless tape
- Extra heat reflection and surface protection
- 4" x 76.5 yards
Double the Length

PCD Cutter Blades

Our PCD blades are 100% made in the USA and will outlast lesser quality imported cutter blades. They are precision designed to fit your OEM equipment to provide a long cutting life.

Still using carbide cutter blades in your Optronics edgers? Carbide blades will last for approximately 275 cuts and cost \$15 each (.055 per cut). Our PCD cutter blades will last for over 12,000 cuts and cost \$400 (.033 per cut), a 40% savings.

We also re-tip SatisLoh ES3 blades back to OEM specs.
May be done up to 4 times before total replacement is necessary.

Item	Unit	Code	List Price
PCD Cutter Blade	Each	99-PCDCUTTERBLD	\$ 399.99
ES3 PCD Cutter Wheel Re-Tip	Each	99-PCDRETIPE3	\$1,599.99

Wheel Retruing and Blade/Ball-Cutter Sharpening Service

Are Your Wheels, Ball Cutters or Horizon Blades Tired, Old or Worn Out?

Send Them to OptiSource and Give Them New Life!

Call your customer representative today to arrange for sharpening service.

Wheels

We will bring your V-bevel back to the OEM precision standard.

Ball Cutters

We can re-sharpen your ball cutters until they reach 18.2 mm in diameter. Don't throw away your slightly used ball cutters! They can be re-sharpened about 6 times.

Horizon Cutter Blades

Your carbide cutter blades can be re-sharpened 3 times! Don't discard slightly used blades. We'll make them new again. Minimum of 6 per order.

Pink Industrial Strength Defoamer

Pink Formula Instantly Kills Foam

Persistent foaming problem? Simply add a few drops of our Pink Defoamer to your edger or generator reservoir and watch your foam disappear.

- Highly concentrated: 1 capful defoams up to 5 gallons of liquid
- Fully water-soluble
- Biodegradable
- Guaranteed to eliminate foam in both edgers and generators

Item	Unit	Code	List Price
Pink Defoamer Concentrate	Gallon	99-PDFG	\$69.99
Pink Defoamer Concentrate	Quart	99-PDFQ	\$29.99

Nu-Cool Coolant

Self-Cleaning Edger and Generator Coolant With Built-in Defoamer

OptiSource has done it again! We've developed an environmentally friendly, chemically superior edger and generator coolant. Nu-Cool also eliminates foam-overs with its built-in defoamer! Our proprietary corrosion inhibitor requires you to change your edger bucket less frequently and prolongs wheel and machine life.

- Performs well on plastic and glass
- Guaranteed to eliminate all foam-overs
- Made for both edgers and generators
- Integrated defoamer
- Special detergent cleans out supply lines
- Prolongs the life of edger wheels
- Drain-safe and biodegradable
- Highly concentrated 80:1 ratio
- Performs when others fail

Performs Well in Edgers and Generators

Item	Unit	Code	List Price
Nu-Cool Blue Edger Coolant	Gallon	99-COOL	\$69.99
Nu-Cool Blue Edger Coolant	Quart	99-COOLQ	\$24.99

White Industrial Strength Defoamer

Our Customers' Favorite

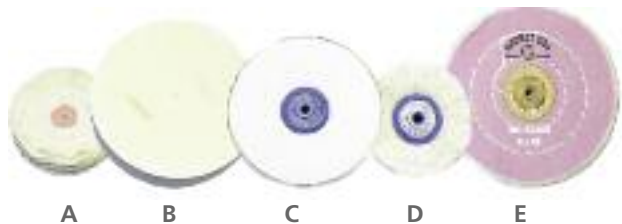

Our super-concentrated defoamer instantly knocks down any foam. Are you having a persistent foaming problem? Simply add to your edger or generator reservoir, and watch your foam disappear.

- Stops foam in its tracks and prevents foam-overs
- Extremely concentrated: 1 capful defoams 5 gallons
- Water-soluble and biodegradable
- Guaranteed to eliminate foam in both edgers and generators
- Performs when others fail

Item	Unit	Code	List Price

Solid Felt Buff	5"	2"	1	03-V17-438	\$58.99
Solid Felt Buff	6"	1"	1	03-V17-439	\$46.99
Solid Felt Buff	6"	1/4", Ctr hole 3/4"	1	03-V17-440 NEW	\$14.99

C Fine Soft Felt

6-ply with plastic center. A delicate touch and white rouge can remove hairline scratches from lenses before coating. High gloss final lens edge polishing with white rouge.

Item	Dia.	Thickness	Unit	Code	List Price
Fine Soft Felt Buff	3-1/2"	1/2"	1	03-V17-130	\$14.99

Yarn Buff

D Woven Yarn

Light touch for final polish. Produces extra high gloss on lens edges, especially polycarbonate, high-index and CR-39. Strands of cotton yarn are woven into a solid plastic center. Will not fray or burn lens edges.

Item	Dia.	Thickness	Unit	Code	List Price
Woven Yarn Buff	3-1/2"	3/4"	1	03-V17-213	\$14.99

Berry Buff

E Muslin

Stiff chemically treated fine-weave muslin. Good for polycarbonate and high-index edge polishing.

Item	Dia.	Ply	Unit	Code	List Price
Muslin Berry Buff	4"	40	1	03-V17-531	\$10.99

Muslin Buffs

F Dixcel Unbleached Muslin

Coarse, unbleached muslin. For cutting and preparing metals for fine finish. With three rows of stitching.

Item	Dia.	Ply	Unit	Code	List Price
Dixcel Unbleached Muslin Buff	3"	35	1	03-V17-577	\$6.99
Dixcel Unbleached Muslin Buff	4"	42	1	03-V17-581	\$5.99
Dixcel Unbleached Muslin Buff	6"	50	1	03-V17-588	\$9.99

G Super Buff

100% cotton, specially treated to make the cloth finer and virtually lint-free. Lasts up to 50% longer. With 4 rows and shellac centers.

Item	Dia.	Ply	Unit	Code	List Price
Super Buff	3"	50	1	03-V17-704	\$9.99
Super Buff	4"	60	1	03-V17-706	\$15.99

H Dixcel Extra Fine

Fine, high-grade muslin with combed edges and hardened shellac centers.

Item	Dia.	Ply	Unit	Code	List Price
Dixcel Extra Fine Buff	3"	35	1	03-V17-622	\$6.99
Dixcel Extra Fine Buff	4"	50	1	03-V17-624	\$7.99
Dixcel Extra Fine Buff	5"	55	1	03-V17-625	\$10.99

I Dixcel Yellow "Treated"

Chemically treated, coarse, unbleached high-grade muslin with combed edges to resist fuzzing. Shellac centers.

Item	Dia.	Ply	Unit	Code	List Price
Dixcel Yellow Treated Buff	4"	40	1	03-V17-553	\$6.99
Dixcel Yellow Treated Buff	5"	45	1	03-V17-554	\$6.99
Dixcel Yellow Treated Buff	6"	50	1	03-V17-555	\$9.99

J Dixcel Plastic Centers

Loose, unstitched, fine-grade muslin. Use with rouge for a high luster finish.

Item	Dia.	Ply	Unit	Code	List Price
Dixcel Plastic Center Buff	4"	36	1	03-V17-719	\$7.99
Dixcel Plastic Center Buff	5"	54	1	03-V17-721	\$9.99

K Dixcel Leather Centers

Fine-grade muslin, loosely sewn, with leather centers to provide a firm grip on spindles.

Item	Dia.	Ply	Unit	Code	List Price
Dixcel Leather Center Buff	5"	45	1	03-V17-755	\$8.99
Dixcel Leather Center Buff	5"	50	1	03-V17-759	\$8.99
Dixcel Leather Center Buff	6"	50	1	03-V17-756	\$10.99

Pattern Blanks

The Industry Favorites Are Here!

OptiSource's Universal Pattern Blanks are the easiest patterns you'll ever work with. They incorporate raised grids on one side and engraved grids on the other. The semi-rigid material makes for efficient cutting on any brand of machinery, or by hand.

Jumbo Green Pattern Blanks

For Your Oversized Lens Work

Industry professionals love Jumbo Green Pattern Blanks because they're easy to cut, and the embossed measuring lines allow for easy size-matching.

- Smooth-cutting rigid plastic is 1/16" thick with reinforcing hub
- Good for use in automatic pattern makers
- 80 x 65 mm

Item	Unit/Bag	Code	List Price
Green Pattern Blanks	50	03-V83-107	\$29.99

"Big Stick" Polish Rouge

Firm Compound For Gleaming Polished Edges

Our polishing compounds work for all lens materials. Use edge polish sticks to rapidly buff lens edges to a high luster. Huge 1 lb. bar.

- Clean and economical
- Easy-to-use

Item	Unit	Code	List Price
CR-39 Polish Stick	Each	71-BX-7057	\$24.99
Poly Polish Stick	Each	71-BX-7058	\$24.99
High-Index Polish Stick	Each	71-BX-7059	\$24.99

Truing Sticks

The Perfect Tool to Hone Wheels to Like-New Condition

OptiSource dressing (honing) sticks bring new life back to diamond wheels. Our brown (coarse) stick quickly restores worn roughing wheels to like-new condition, reviving cutting action. Our white (fine) stick dresses finishing wheels for like-new grinding.

- Revives cutting action on worn diamond wheels
- Keeps wheels clean and sharp
- Cleans out ground materials
- Available in brown (rough) and white (fine)

Item	Unit	Code	List Price
Brown Dressing Stick (For Roughing Wheel)	Each	40-BTS	\$5.99
White Dressing Stick (For Fining Wheel)	Each	40-WTS	\$3.99

Polishing Compounds

Comes in a Safe Peel-A-Way Container

This economical and safe container keeps your hands clean and can be used to the last particle.

White: Final high gloss finish polishing compound for all plastic lens edges.

Red: Edge polish for glass lenses and metal frames. Water soluble.

Yellow: High gloss polishing compound for all plastic lens edges. Useful for index lenses.

Blue: First step compound favored by many for index materials. Use with solid felt buff and follow with finish compound for excellent results.

Zam Green: First step compound for all plastic lens edges. Good choice for index materials. Follow with finish compound.

Wonder Bar: Final step polish for use on both metals and plastics.

Green: First step compound for all plastic lens edges. Use with solid felt buff and follow with finish compound.

Crystal Kleer: Excellent finish polish for clear and colored plastics of all types. Especially useful for ZYL.

Cut Assembly and Repair Time in Half - Guaranteed!

- Eyewires
- Hinges
- Spring Hinges
- Self Aligns
- Self Taps
- Includes Stay Tight Thread Lock
- Available in Silver & Gold

Patent Pending

OptiSource International is the exclusive distributor of Snapit™ patent pending frame screws. These high quality stainless steel screws have a unique, extra long feeder tab that makes handling screws a cinch and repairs a pleasure.

After the screw is inserted into any hinge or eyewire the long feeder tab simply snaps off cleanly with just your fingers leaving a smooth finish. Clipping and filing of screws is eliminated. All Snapit™ screws will self-align, self-tap stripped threads and include the OptiSource Stay-Tight™ thread lock.

Besides saving our customers money on dropped or lost screws, Snapit's main savings comes from time saved. Snapit is so much easier to work with that Eye Care Professionals can complete repairs in about half the time with none of the struggle.

PD Rulers

Rear View

Rear View

Our newest PD rulers are now multifunctional, indispensable tools. Not only do they accurately measure Pupillary Distance with three different printed scales, but they will also help during dispensing with a notched hinge-measuring edge and screw thickness gauge (both printed on the rear of the ruler). They are comfortable, lightweight and medium thickness. Choose from two different styles.

Rear View

- Choose between 2 styles
- Measures: 0.8 x 26 x 170mm and 0.8 x 26 x 175mm

Nitrile Gloves

Multi-Layer, Hypoallergenic

Nitrile gloves offer better tactile sensitivity, comfort, dexterity and puncture resistance than both rubber and vinyl. These powder-free gloves are made stronger through a manufacturing process called fusion bonding. Fusion bonding integrates synthetic polymers into the material to create a multi-layered glove for enhanced protection. Industrial Gloves are ideal for automotive, janitorial, maintenance and many others industrial applications.

Powder Free

Gloves measure;
5 mil (.005") thick in the palm and fingers
and 9.5" in length.

Item	Unit	Code	List Price
Large Powder-Free Nitrile Gloves	Box of 100	99-NGL	\$12.99
Small Powder-Free Nitrile Gloves	Box of 100	99-NGS	\$12.99

Latex Gloves

Natural Rubber Latex

No other glove feels and fits like natural rubber latex. Gloves offer a perfect combination of strength, tactile sensitivity, barrier protection and comfort. This product contains rubber latex which may cause allergic reactions in some individuals.

Powder Free

Gloves measure:
4.8 mil (.0048") thick in the palm,
8.4 mil (.0084") thick in the finger
and 3.6 mil (.0036") thick in the cuff.

Clear View Lens Cleaner is scientifically formulated to effectively clean all AR-coated lenses. It also quickly degreases, cleans and shines any plastic or glass lens, coated or uncoated. Anti-streak properties allow for easy cleaning, while anti-static properties repel dust so lenses stay clean longer. Premium package design includes platinum spray head, boutique-style bottle and foil-embossed label. Custom imprinting is available to keep your company's identity in front of your customers.

- Safe on AR coatings
- Anti-static
- Anti-streak
- Personalize the bottle with your company's information
- Upscale packaging design

- Holds a variety of cloths and cleaners

*Display shape and style is subject to change without notice.
Does not include lens cleaners and cloths.

Item	Unit	Code	Item Price
Lens Care Display	1	45-LCDISPLAY	\$39.99

Lab Size Micro-Fiber Cloths

Towel Size Cloths To Dry and Clean Lenses

- Large 12" x 16" size
- 3 materials to choose from

Since labs deal with more lenses and more processing than optical stores, they look for towel sized cloths to use to dry or clean lenses. We offer three lab sized towel cloths: Terry - a looped knit just like terry cloth clothing. Suede - thick flocked material that is very soft and absorbent, microfiber-soft and silky fabric.

Item	Unit	Code	List Price
Terry Cloth	Each	33-LCLTTLBLU	\$3.99
Suede Cloth	Each	33-LCLTSLBLU	\$3.99
Black Micro-Fiber Cloth	Each	33-LABCLOTHBLK	\$3.99
Gray Micro-Fiber Cloth	Each	33-LABCLOTHBLK	\$3.99

Safari Cloths

- Fun, stylish animal designs
- 6" x 7" silky, close knit fabric
- Washable, reusable
- Packed 100 cloths per bag, 1 print per bag

Item	Unit	Code	List Price
Cheetah Micro-Fiber Cloth	Each	33-LCCC	\$5.59
Leopard Micro-Fiber Cloth	Each	33-LCLC	\$5.59
Zebra Micro-Fiber Cloth	Each	33-LCZC	\$5.59
Tiger Micro-Fiber Cloth	Each	33-LCTC	\$5.59

XtremeVue

Our New Technology Prints Photos
or Full-Color Artwork on Micro-Fiber Cloths!

We can transfer any photo-quality picture or artwork onto Micro-Fiber cloths! Put a picture of your optical storefront, interior or even your best selling frame on a cloth. The possibilities are endless! Cloth is washable and reusable, and printing will not fade.

- Novel giveaway
- 6" x 7"
- Brilliant high resolution images reproduced on Micro-Fiber cloths
- We can print any image on our cloths
- 1,000 minimum for custom printing

Item	Unit	Code	List Price
XtremeVue Cloth	Each	33-EXTREME	\$1.49

Full-Color Photo Cloths

Our Revolutionary Printing Process
Produces Crisp, Quality Images

Tired of the same old cleaning cloth options? Offer patients one of our popular stock photo-printed cloths.

- 6" x 7"
- High-resolution printing
- Cloth is washable and reusable

Custom Imprinting Services

Lens Cleaning Cloth Add-On Options

OptiSource offers the largest variety of customization and personalization for lens cleaning cloths. Our services are unique, affordable and easy to use. We require low-quantity minimums and offer quick turnaround times. Our in-house art department works with all file types and can enhance your artwork to maximize printing quality.

- See page 122 for our unique full color printed ExtremeVue Micro-Fiber cloths
- See page 126 for our custom imprinting order form

One-Color Custom Printing

Our customers' favorite printing option

Personalize your cloths with your company's information. OptiSource specializes in personalizing any of our cloth offerings with your company's information, logo, marketing message, etc. One color printing is an efficient way to show off your company identity. **1,000 piece minimum.**

Our ink colors are Black, Blue, Silver, White, Yellow and Red

Two-Color Custom Printing

Add a custom flair to your cloth printing

If your company logo is two colors, this printing option is a home run! Keep your brand consistent. Pick from any two colors below to create a truly custom cloth. **1,000 piece minimum.**

Our ink colors are Black, Blue, Silver, White, Yellow and Red

Hot-Stamp Custom Embossing

Create a unique look on customers' cloths this year

Our hot-stamp embossing leaves a subtle engraved impression that separates your cloth from the rest! Embossing has an expensive look and feel and can match the look of designer eyeglass case embossing. **1,000 piece minimum.**

Plastic Carrying Case

Credit-card size carrying case keeps cloths clean and handy

This handy plastic carrying case keeps cloths free of dirt or dust that may collect in glove compartments, drawers and purses. Perfect size for stashing in pockets and purses or for inserting a business card. **1,000 piece minimum.**

Printing is done on the cloth, not the case.

Hand-Stitched Edge

Custom stitching adds an elegant look to cloths

Looking for a way to add value and differentiate your cloth from the rest? Stitched edges are hand sewn and add a classy finish to standard zig-zag cloth edges. **1,000 piece minimum.**

Terms and Conditions

Copyright and Trademark Information:

The materials contained in this catalog are copyright 2008 OptiSource International, Inc. You may not distribute, modify, transmit, reuse, report, or use the contents of the catalog for public or commercial purposes, with the exception of brief quotes in professional or trade publications. OptiSource is a registered trademark of OptiSource International, Inc. All trademarks appearing herein are acknowledged. The name of OptiSource International, Inc. or any of the trademarks or logos used herein may not be used in any manner without specific, written prior permission. You should assume that everything you see or read in this catalog is copyrighted or subject to trademark protection, unless otherwise noted, and may not be used except as provided in these Terms and Conditions without the written permission of OptiSource.

General Information:

The information contained in this catalog is subject to change without notice. While OptiSource has used reasonable efforts to include accurate and up-to-date information, OptiSource makes no warranties or representations as to its accuracy. OptiSource assumes no liability or responsibility for any errors or omissions in the content. OptiSource may at any time revise these Terms and Conditions. You are bound by any such revisions. In the event a product is listed at an incorrect price or with incorrect information due to typographical error or error in pricing or product information received from our suppliers, OptiSource shall have the right to refuse or cancel any orders placed for product listed at the incorrect price. OptiSource shall have the right to refuse or cancel any such orders whether or not the order has been confirmed and your credit card charged. If your credit card has already been charged for the purchase and your order is canceled, OptiSource shall immediately issue a credit to your credit card account in the amount of the charge.

Warranties:

Every third-party product you buy from OptiSource is backed first by the product manufacturer's warranty. OptiSource's 30-day limited warranty against defects may also apply. That warranty provides for either repair or replacement (at OptiSource's sole discretion) of merchandise confirmed as defective by either the manufacturer or OptiSource. We will assist customers whenever possible in gaining satisfaction with product manufacturers. No returns will be accepted when the manufacturer's or distributor's return policies supersede ours.

Order Acceptance Policy:

All orders are accepted in accordance with the Terms and Conditions set forth herein. OptiSource reserves the right at any time after receipt of your order to accept or decline your order for any reason. OptiSource reserves the right at any time after receipt of your order, without prior notice to you, to supply less than the quantity you ordered of any item. All orders placed over USD \$2,000 must obtain credit pre-approval.

Following acceptance by Seller, orders are not subject to cancellation or modification, except upon written approval by Seller, and shall be subject to cancellation charges. OptiSource reserves the right to correct and amend any typographical errors.

All orders placed by the Buyer are binding. Buyer agrees that Buyer is wholly responsible for the actions of Buyer's employees, agents or representatives. If an employee of Buyer places an order unbeknownst to its management, Buyer is responsible for said person's actions, and Buyer assumes all responsibilities, whether authorized or not. Following written acceptance of or by signing for packages, Buyer agrees that Buyer authorized the purchase and accepts the terms and conditions of the sale with Seller. The Buyer's employee, agent or representative is acting on behalf of the Buyer, and by signing and receiving the package, the Buyer agrees to the Terms and Conditions of purchase and is responsible for payment of the merchandise.

Buyer is hereby notified that for the purposes of quality control, training, order and shipping accuracy, Seller may monitor agreements to purchase. This agreement is the policy of the Seller. This policy supersedes any arrangement the Buyer may have with a third-party billing or buying group. This policy is non-negotiable and cannot be modified or compromised at any time by anyone, including Seller's employees or any buying group.

Limitations of Liability and Indemnity:

In no event shall OptiSource or any of its subsidiaries or affiliates be liable for any indirect, special, incidental or consequential damages, including but not limited to loss of use, loss of data, loss of business, or loss of profits. Some localities do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. Seller assumes no liability for damage and/or injury resulting from use or misuse of equipment or supplies supplied by Seller. In no event will Seller be liable for indirect or consequential damages whatsoever resulting from loss of use, data or profits arising out of, or in connection with, the use or misuse of Seller's product. Buyer agrees to indemnify and hold the Seller harmless for any expense or loss arising out of, or resulting from, the installation of said product by Buyer.

Return of Product and Refused Shipments:

All return claims must be made within 30 days of receipt of goods. All returns must be authorized by OptiSource and accompanied by a Return Authorization number. Claims for damages and shortages must be made within 15 days of the date of delivery. All returns must be shipped freight prepaid by Buyer. Absolutely no returns will be accepted after 60 days of receipt of goods. All unauthorized returns will be refused by Seller. All authorized returns are subject to a restocking and transportation fee of 25% of the entire invoice in question, unless Buyer chooses to exchange for another comparable product. Any products omitted from returned package will automatically be billed at full price. All free items must be returned with original invoice. Returns are subject to Seller's prior inspection and analysis to verify that merchandise has not been mishandled, altered or contaminated in any way. All products returned to Seller due to refusal of acceptance by Buyer, without Seller's authorization, will be subject to a 25% restocking and transportation charge. Special-design and custom-constructed or custom-formulated merchandise is not returnable. Contact customer service for return authorization at 1-800-OPTISOURCE (678-4768).
